WASHINGTON, April 7.—A battle with 40,000 troops engaged, which may be a deciding action in the war between the Carranza and Villa factions in Mexico, is in progress or impending near Irapuato. In the State of Guanajuato. State Department dispatches today, dated April 5th, but delayed in transmission, sent by Special Agent Carothers, with General Villa, said the fight would take place soon. That was construed to mean that Villa had assembled a force strong enough to meet General Obregon's army and was moving south from Torreon along the National railroad.

Obregon was last reported at Queretaro and was said to have sent a column against San Luis Potosi, while he protected its march with a second column and a third division of his army under General Hill moved toward Morelia, capital of Michoacan. Obregon is understood by officials here to have 20,000 men, and it is said Villa has gathered an equal number.

AT STRATEGIC POINT.
Irapuato is the junction of the Mexican Central and the National Railway through which Obregon's forces are advancing. The State Department issued this summary of the situation:

"The department is informed that General Villa has announced that if he is successful in defeating the forces of General Obregon south of Irapuato he will immediately open the lines of communication to Mexico City. The department's advice indicates that should the forces of General Carranza be defeated in this expected engagement, his important strongholds will be Vera Cruz, Tampico and Matamoros."

Advices to the Carranza agency said the runaway Guerrero reached Guaymas Monday night and her commander notified foreigners to leave the port, as he intended to open a bombardment.

Mobs in Guaymas and Hermosillo, the agency statement adds, were looting business houses. The statement adds that General Maytorena failed to check Carranza troops marching from both north and south and was defeated yesterday at Navajo.

General Calles was reported marching on Cananea and Nogales.

NEWPORT NEWS, Va., April 7.—Shortly before 3 o'clock the Eltel hoisted a line of signal flags and blew her whistle. One shrill blast was sounded. Smoke was pouring from both her funnels.

At 3:50 p. m. the Prinz Eltel Friedrich still was at her wharf and there was no apparent explanation for the activity on board.

The cruiser, however, pulled away from her pier a few feet and her launch, which had been lowered since her entry into port, was hoisted to the deck. Smoke from her funnels grew heavier.

Vice-President's
Home Robbed

By Associated Press.
INDIANAPOLIS, April 7.—The home here of Thomas R. Marshall, vice-president of the United States, has been entered by burglars. It became known today. Vice-President and Mrs. Marshall are visiting relatives of Mrs. Marshall in Scottsdale, Arizona, where they went after Mr. Marshall had represented President Wilson at the dedication of the Panama-Pacific Exposition at San Francisco.

It had not been learned today whether anything of value had been taken. The robbery was discovered by Mr. Marshall's neighbors, who found a window had been broken.

SLAYERS NEAR
ESCAPE ARE
CAPTURED

By Associated Press.
SACRAMENTO, Cal., April 7.—Frank Creeks, Earl Loomis and Zollie Clements, three murderers, two of whom are condemned to death, escaped from their cells in the dungeon at Folsom Prison last night and attempted to cut their way through the bars to freedom by means of two back saws.

Carelessness in locking themselves out of their cells, so that they could not get back when the guard made his inspection at 8 o'clock resulted in their capture.

Making a rude ladder from the rope with which Jacob Oppenheimer, "the human tiger," was hanged two years ago, the men had reached the barred windows at the roof of the dungeon and commenced to saw the bars when they were discovered. When they heard the guard at the dungeon doors and realized that they could not get back to their cells, the men began to shout "don't shoot," and surrounded when the door was opened.

Creeks, who was recaptured last fall after murdering Night Sergeant John Drury and escaping from Folsom Prison, had in some manner secured a key similar to that with which he left his cell before. With this key, placed on the end of a bent wire, he reached through one of the air holes in the door of his cell, opened the lock and then released Loomis and Clements. They closed their cell doors and locked them from the outside so their absence would not be noted.

The three men then went to the unoccupied cell next to which the scaffold is erected when hangings are to take place, unlocked the door and took out a piece of hangman's rope. It was the rope with which Oppenheimer was hanged.

Clements is serving life for the murder of a Stockton saloonman.

One indication that the Eltel had not been interned early today was the continuation of the ban on departure of merchant ships of the allies.

Customs officials here and at Norfolk were appealed to by British ship captains for permission to leave. They were told they could not leave port until further notice.

"Giving money is the cheapest way of being useful."
So declares Frederick A. Hyde, Alameda Mills inmate and noted sportsman, who returned home today after serving a term in the Atlanta penitentiary, to announce that hereafter his life is to be devoted to prison reform and to alleviate the conditions surrounding those whom justice has placed in duress.

Prison, he declares, did him good. He asserts that he is in better health than he has been for 25 years. He affirms that he has met his fellow man in prison and learned his heart. While in the Georgia prison he installed many reforms and conveniences for the prisoners, and promises that in future he will do still more. He has, he says, learned practical prison reform, for he learned it from the inside.

Created by his wife and daughter as he arrived at his home in the little ark at the foot of Harrison street today, he shook hands with all comers and talked freely of his term in prison, to which he was sentenced for alleged California land frauds.

"I tried," he explained, "to get into personal contact with the men. In prison it is a long way from the prisoner to the official, and as I was permitted to come and go as I chose, I tried to act as mediator."

Hyde presents a picture of robust health. He has the appearance of a man of about 50 years of age, although he is really 37. His face is

Threw caseknife at her.
Telephoned her friends to find where she was and otherwise exhibited extreme jealousy.—Acts charged against Count Kanno as grounds for divorce by his sculptress wife.

When caseknives are hurled, love flies out of the door—and a wise woman dodges and avoids her husband's wrath.

And the inartistic knife-throwing exhibition, as alleged by Gertrude Boyle Kanno, sculptress and wife of the Japanese poet, proved not only a metaphysical monkey-wrench in the gears of love, but a wrench as well in the machinery of the law. It clogged the pipes or stripped the gears or something.

At any rate the Oakland sculptress failed to get her divorce.

Hiding behind artistic sense or temperament or a shrinking from notoriety or whatever might have been the cause, she failed to appear before Superior Judge Trout at noon, when her case was called on continuance. Her attorneys, Vicki and Weyth, were on hand. They explained that their client has been unable to get visitation because Mrs. Kanno's friends feared newspaper publicity. They wanted the case cut off the calendar.

The court refused to agree, ordering a continuance until May 10. At that time Mrs. Kanno will have to appear and be prepared to either

Counter Charges Fill Re-
ply to Woman Poli-
tician's Complaint

She Needed Too Much
Money, Is Manufac-
turer's Thrust

Thomas H. Speddy, wealthy coast agent for an Eastern steel company, became tired of "considering himself in the domestic circle a human meal ticket, unable to satisfy an insatiable financial hunger," as he puts it, and today he filed a lengthy denial and cross-complaint in the suit for divorce commenced against him February 24 by Henrietta T. Speddy, well-known woman politician and member of the Alameda board of education.

In denying the allegations of cruelty made by his wife, Speddy recites, besides depriving him of a home in his advanced years, and alienating his children by a former wife from him, the plaintiff's "crowning act of cruelty toward him" was manifested when she filed her divorce complaint.

That for many years past he has endured humiliation and suffering at the hands of his wife, instead of being the culpable one in their domestic inharmonies, is the stand taken by the husband in his cross-complaint.

That his wife had "ignored him in her plans and acts, except for money to carry them out," is one of his complaints to the court.

"The glare and publicity of political life," Speddy says, "was against his desire and protest."

SHE KNEW, HE SAYS.

At the time of their marriage, which took place in Portland in March, 1890, Speddy was a widower with four children. His wife, he describes as being a "mature woman of 26 years," who well knew the responsibilities that confronted her.

But their happiness was short-lived, according to the wife's charges recently filed, and the counter charges that are made today in the answer and cross-complaint, which was filed by Attorney Elmer E. Johnson and Ostrander, Clark & Carey, representing the husband.

Back as far as 1895, Speddy claims that his wife, insistent upon getting rid of his children from their home, hold, produced "fake" telegrams from his relatives in the East, asking that one of his daughters be sent to live with them.

It was not until some time afterward, he declares, that he discovered the alleged fraud in the matter, and then only when he was appealed to by other children to protect them from being barred from their home.

This was while the father was on a business trip in the East, he says, with the result that he had to return home.

HIS HEALTH BROKEN.
For some time past, Speddy declares that he has been ill and under the care of specialists in a sanatorium. His wife objected to the extra expense, he goes on to relate, to the extent that he finally left the sanatorium and went to a cottage at Los Gatos.

In setting up his defense to the charges made by his wife in her suit against him, Speddy denies that she had been a true and loving wife of sensitive nature; that she crushed her love for him, if any she had; that for ten years past he acted in a selfish manner, or whistled for her instead of calling her by name; or helped himself to the choice viands on the family table, or told her that he was willing to arrange for a separation.

Further, the husband denies that he had ever called her friends, political or otherwise, "cattle," or treated the children cruelly; or beat a drum when his son was playing on a piano, or put a ban upon her political friends from visiting their home and holding meetings.

Going into the details of his marital woes, the cross-complaint sets forth:

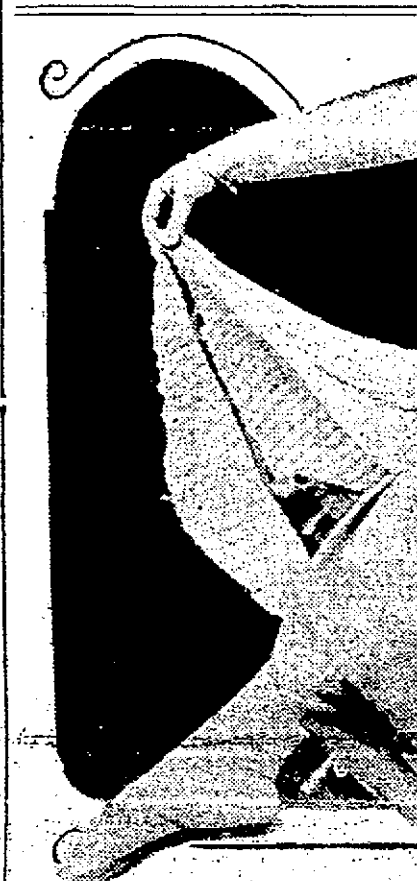

That his wife had declared

ART OUT OF RAGTIME? SURE!
ADORN PARTHENEIA THEME

Meddlesome Tune
in Academic
Sanction

UNIVERSITY OF CALIFORNIA, April 7.—Love, Spring, and Sunshine have been set to music—or rather, into music. Syncopated Time, commonly supposed to mean Ragtime, is rampant—but not as Ragtime—for a little treatment has made

it into something else—and the lightsome measures to which the white feet of laughing girls will trip over the green at the University of California are to be just as lively, but far more artistic, than the tunes they dance the Tango to.

Academic influence has uplifted the melodies of the cabaret; and they are to become throbbing strains of love and joy under the oaks of the campus. Professor Charles Louis Seeger, head of the musical department, at the University of California, has so decreed—and the dances will be something beyond the dreams of Vernon Castle, devotee of the Muse Terpsichore!

PAGEANT ALIVE.
Developing out of the basic idea of the original Parthenia at the University of California, the offering tomorrow is to be one of the most remarkable bits of pageantry ever produced at the University. Still retaining its symbolism, the pageant will deal with the transition from girlhood to womanhood, and the struggle between love and duty in the heart of a maid.

Surrounded by sprites, symbolic characters, and the center of a quaint story of a woman's heart, Margot, the heroine of the piece, is to wander through the turning point in life, in a whirl of half real, half unreal characters.

The symbolic dances will be features of the remarkable performance, the final rehearsal of which will take place tomorrow. The piece will be given under the oaks near the Faculty Club, according to custom, 200 women to appear in the big allegorical pageant.

CAMPUS WOMEN IN ROLES.
The leading role of Margot is to be assumed by Miss Maude Meagher. Miss Dorothy Epping will appear as the jewel spirit and Miss Camille Purdy as the Fairy Queen. Queen Elizabeth will be impersonated by Miss Mildred Van Gulpen. Miss Minnie Mae Sisson will appear as the poet who presents the masque before Queen Elizabeth. In the choruses a large number of girls will appear in specially designed costumes, among them being Miss Lucille Parr.

The Parthenia of this year, "The Queen's Masque," was written by Miss Mary Van Orden, a graduate student in the University. Porter Garnett is directing the production. Seeger, head of the department of music, has composed the incidental music.

PLAYS BOLD GAME

By Associated Press.
LONDON, April 7, 11:55 a. m.—The military situation in the Carpathians is competing with the prohibition question in the interest of the British public. The cabinet meeting today. It is expected that announcement will be made of measures to provide drastic restrictions on the consumption of liquors, but total prohibition is not expected. Attention is concentrated on the Carpathian passes, where the Russians are bringing up heavy reinforcements to push their attack, the success of which is expected only through weight of numbers. On the other hand, the Austrian and German commanders also are making strenuous efforts to strengthen their forces.

Petrograd, reports that the section near the "Isak Pass" of which Vienna admits retirement, extends for a distance of seventeen miles. To offset Vienna claims a counter offensive movement near Lupkow Pass, where the Austrians report the taking of several Russian positions, with the capture of 7000 prisoners.

OFFENSIVE IS CHECKED.
A conservative interpretation of both the Russian and the Austrian reports leads to the belief that the Russian offensive at Lupkow has been checked, while they have forced their way through the Rostok Pass, capturing two villages on the southern side of the range.

In the western arena of the war the French continue their offensive movement between the Meuse and the Lorraine frontier. Their reported seizure in the Ardennes forest indicates the possibility of a new danger for the Germans holding St. Mihiel, while the advance to the east of Verdun is regarded in London as threatening St. Mihiel from the north. Salts Fine for Aching Kidneys

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Salts Fine for Aching Kidneys

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. If you have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

Salts Fine for Aching Kidneys

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless, to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

By Associated Press. NEW YORK, April 7.—Six Spanish nuns, who said they were driven from a convent near Vera Cruz by Carranza troops, who besieged the place six days and threatened their lives, reached New York today aboard the Spanish steamer Manuel Calvo, from Vera Cruz and Havana. The nuns were in charge of Mother Superior Simona Nieto and said that for several years they had conducted a hospital in connection with their convent at Orizaba. When a Carranza order was issued in February expelling all priests and nuns from the state of Vera Cruz they decided to remain to nurse twenty patients in the hospital. They were threatened with protection, they said, to Governor Aguilar of Vera Cruz, whom they had cared for when he had fever two years ago.

DECISIVE BATTLE BEGINS IN MEXICO

By Associated Press. BROWNSVILLE, Texas, April 7.—The advance reinforcements expected by Villa troops for the siege of Matamoros arrived today at the Villa lines. The main body, including artillery forces, still is delayed by lack of railroad facilities. In Matamoros squads of soldiers are at work on what appears to be additional defenses. Bags of earth topped by steel rails have been piled about some of the machine guns at the top of the breastworks.

tanned, and but for his white hair and white military mustache, one could never tell his age. He is agile and active. When asked what his plans for the future were, Hyde replied that his office force had been cut in half during his absence and that he would step into the routine within a week.

HYDE RETURNS TO PURSUE REFORM

"Bear in mind," he said, "that I am not in active business, but will spend my time handling my affairs." Hyde is enthusiastic about the lessons that he has learned while in prison. It was a technicality, he declares, of the federal law that imprisoned him, and he further states that he never cheated a man out of a dollar. He adds that the government never lost one cent in the alleged conspiracy with which he was charged.

HYDE RETURNS TO PURSUE REFORM

While in prison Hyde worked to gain better conditions for the inmates. When he went there the only sport the prisoners had was baseball, and he immediately established a handball court, parallel bars, and other features for recreation. He also installed motion pictures and a library. He spent \$500 in assisting the prisoners.

HYDE RETURNS TO PURSUE REFORM

"I saw that prison reform was a great necessity," he remarked, "and although the Atlanta prison is far ahead of others, it still needs improvement." Hyde paced the floor and lit a cigar. "I intend to devote a great deal of my time to prison reforms," he said. "Being among the men as I was, I became the recipient of their views. Each man had a story to tell, some speaking of wife and children and others of how they had been unjustly convicted."

HYDE RETURNS TO PURSUE REFORM

"I really believe some of the men had just cause for complaint." Hyde paced the floor and lit a cigar. "I intend to devote a great deal of my time to prison reforms," he said. "Being among the men as I was, I became the recipient of their views. Each man had a story to tell, some speaking of wife and children and others of how they had been unjustly convicted."

HYDE RETURNS TO PURSUE REFORM

A furious assault on the German positions between the Meuse and the Moselle is being made by the French in continuation of their new offensive movement. The official communication from Berlin mentions attack after attack, and says these onslaughts were repulsed with "extraordinarily heavy losses" for the French. On June 1, the ground is covered with bodies of the French. The official statement from Paris gives few details of the fighting, although it is claimed that ground was gained in some instances.

HYDE RETURNS TO PURSUE REFORM

The Berlin statement says the Germans abandoned the village of Dret Grachten, which they had captured from the Belgians, on account of the fire from heavy artillery, to which it was subjected.

HYDE RETURNS TO PURSUE REFORM

No further official information was given out concerning the campaign in the east, except a reference to the Berlin statement of the fighting along the East Prussian border. It is said that the Russians were repulsed in battles southwest of Memel and near Augustowo, one Russian battalion being annihilated.

PETROGRAD DENIES AUSTRIAN SUCCESS

Teuton Forces Falling Back Rapidly in Carpathians, Russians Claim.

(Continued From Page 1)

LONDON, April 7.—Austrian claims of successes in the Carpathians contained in official bulletins are denied in a semi-official Austrian communication, according to a Petrograd Telegram. Assertions of victories for the Austrian arms, the Russians contend, are designed to pacify public opinion and revive "drooping courage."

PETROGRAD DENIES AUSTRIAN SUCCESS

As an example of actual conditions, it is contended that the Austrian admission of a small retreat contained in the communication of April 2, really covered a requirement of 25 versts (about 16 miles), covering the entire region between Mez-elaborz and Utsch Pass. The Russian statement further describes how a small Russian force of one brigade in a furious attack at daybreak on April 4, captured a strong Austrian position in front of the village of Okna, north of Czernowitz, occupied by the 25th Honored regiment. After a sanguinary bayonet encounter, the Austrians are reported to have been repulsed with the annihilation of two battalions, twenty-one officers, and over 1000 men taken prisoners and eight machine guns captured.

PETROGRAD DENIES AUSTRIAN SUCCESS

The statement asserts that during the period from March 20 to April 3, the Russians took prisoners in the Carpathians on the front from Balliged to Utsch 378 officers, 11 doctors, 23,355 men, besides capturing 17 cannons, 197 machine guns. About half of these captures are said to have been made on a front of 150 versts (100 miles).

DYSPEPSIA OVERCOME

Tone Up the Stomach With Hood's Sarsaparilla. When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffy fullness, headache, heartburn, and sometimes nausea. Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, said by the registers, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

DYSPEPSIA OVERCOME

Hood's Sarsaparilla purifies the blood, restores the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place. Advertisement.

STATE CLAIMS ARE CAUSE OF HITCH

Assembly Waits, Hungry, for Absent Members to Break Deadlock.

SACRAMENTO, April 7.—Sergeants-at-Arms of the Assembly were skirmishing around the halls and lobbies of the Capitol building at 1 o'clock today in search of sufficient members to defeat or pass the Gebhart bill, permitting suits to be brought against the state for unpaid claims of 1877-79. While the search was in progress fifty-five members of the lower house were locked up, awaiting the return of the absentees, in order to vote and go to lunch.

The Assembly had been in continuous session since 9:30 during which three bills were passed. Among them was the Quinn bill, requiring butter wrappers or containers to be labeled with the name of the county where the butter was produced. The bill is aimed at the prevention of deception as to the place of origin.

The Gebhart bill was brought up by its author on a reconsideration of the vote by which it was defeated yesterday. The House voted 48 to 5 to re-open the argument. After an hour's debate, the roll call showed there were not enough votes in the chamber to insure the bill's passage or defeat, and a call of the House was ordered. Claims against the state amounting to about \$100,000 are outstanding as a result of the convention's action in issuing script to that amount.

The guardian of John Kelly, an aged and mental incompetent Sacramento, is seeking by permission of the legislature to recover \$35,000 which is represented by scrip purchased by Kelly.

MAKES CHARGES AGAINST CORPORAL

Jitney Bus Driver Testifies Before Petersen Regarding Officer's Alleged Abuse.

Chief W. V. Petersen heard charges today against Corporal A. B. Smith, filed by Chris. Christensen, a jitney driver, that Smith had abused him and called him vile names while placing him under arrest. Witnesses were heard on both sides. The matter was taken under consideration.

Christensen was arrested on three different charges by the police. He was charged with driving past a street car which had come to a stop to take on and discharge passengers, with not having his tail lights burning, and with failing to go to the terminus of his route.

Christensen charged that Corporal Smith swore at him, and told him that "all jitney drivers are scoundrels" and that the jitney business should not be given license. He also declared that Smith struck him in the face.

The cases against Smith are now pending before Judge George Samuels.

Prominent Attorney Shot Down at Desk

PORTLAND, Ore., April 7.—Wilson T. Hume, an attorney well known on the Pacific Coast and in Alaska, was shot in the back in his office here today by F. A. Consenting, a barber. His condition is critical.

It is believed that the bullet was intended for A. C. Smith, another lawyer occupying office with Mr. Hume.

According to information obtained by the police Consenting previously had an argument with Smith and was ejected. He returned soon after and fired three bullets from the doorway at Hume, who sat with his back toward his assailant.

Hume gained fame as a character in a novel dealing with the gold rush days in Alaska, where he played a prominent part.

COUNT DE TOLNA NOT PRESENT AT OWN CASE

SAN FRANCISCO, April 7.—Count Rudolph Festetics de Tolna was not present in Superior Judge Morgan's court this morning to continue the presentation of his evidence in an effort to re-obtain citizenship papers. GERMANY WOULD HURL U. S. INTO WAR, AVERS JAPAN

Nippon's Subjects Blame Germans for Signs of Discord

What Dr. Sidney L. Gulick says about Japanese affairs—
"Germany, the Japanese say, is adopting every means to involve the United States in a war with Japan, that the latter nation may be unable to make more active part in the great conflict in Europe."
"Japan does not want to take any further part in this war. But should the allies face a great defeat, it is practically certain that the Japanese would send armies of hundreds of thousands to Europe, to fight against Germany and her allies. Therefore, it is easily seen how Japan, by having trouble with another nation, could not take further action in the European war."
"Can this be a Christian act?" the Japanese asked, when California adopted the alien land law. This did much to hurt the cause of Christianity in Japan.
"Christianity has failed to make our land Christian. Christians seem to be lacking in numbers in many other parts of the world. If there were more real Christians in France, in England, in Germany, in Austria, in Russia and others of the warring nations, the great war would not have occurred."

Germany is adopting every means to involve the United States in a war with Japan, that the latter nation may be kept from more active participation in the great world war in Europe.

Such is the belief of the Japanese themselves, according to Dr. Sidney L. Gulick, who but recently returned from Japan, where he was sent with Dr. Shudler Mathews, dean of the theological faculty of the University of Chicago, in an attempt to solve the American-Japanese trouble. Dr. Gulick told of this conviction of the Japanese in the course of a remarkable address at the First Congregational church last night.

"This is the way the Japanese see it," he said regarding the strained relations now existing in the Orient. "Fierce news is being sent out of Peking and other Chinese ports to the world at large, in which the Japanese are presented in vicious and unreasonable in their demands of China. The news is sent to all parts of the world with the sole desire of coloring public opinion regarding the Japanese. Imperialistic attitude, that the other countries may cherish an animosity against the island empire, and perhaps engage in war. You ask: 'What object could the Germans have in creating this sentiment?'"

"The answer is simple. Japan has so far done very little in the present great war. It is understood, however, that should the allies meet with heavy reverses, and should defeat stare them in the face, Japan will send hundreds of thousands of troops to the Far West to fight against the Germans and their allies. In that event, they would take almost as active a part in the war as the other nations are now taking."

"It must be understood that Japan does not seek to take further part in this great war if it can possibly avoid it. But if it must do so, it can throw great armies of fresh troops into the field. So it can very easily be seen that it is to interest Japan to involve the Japanese in complications, which, if they do not actually result in war, will result in such a condition of threatening warfare that the Japanese army will be kept at home at all costs."

Dr. Gulick's talk was a revelation to the lay mind regarding the conditions in Japan, as they concern this country. The church room in which he spoke, under the auspices of the Bible League of the First Congregational Church, was filled to the doors, and a number of persons were turned away because of lack of accommodations.

He was preceded by Mayor Frank E. Moss, who made a short address, during the course of which he read a letter recently received by him from Dr. Charles R. Brown, former pastor of the church, and now dean of the Yale divinity school. Dr. Brown's letter stated that his heart was still with Oakland. The reading of the letter was greeted with prolonged applause. Frank M. Parcells presided at the meeting, and introduced the speakers. He declared Dr. Gulick's subject to be "The American-Japanese Problem."

ON HISTORIC MISSION.
Dr. Gulick began his talk with a simple relation of the various conditions that formed the American Japanese problem as it exists today, after which he told of the appointment of Dr. Mathews and himself as special ambassadors to Japan, to establish an understanding between the two countries and to promote a better feeling.

"The Japanese officials were unanimous in assuring Dr. Mathews and myself that Japan had none but honorable intentions toward China, and was concerned. All reports to the contrary, they said, were false, and emanated from the Germans."

"One of the big things needed in this land in the solution of this problem is Christianity. Christianity has failed to make our own land Christian. In fact, Christians seem to be lacking in numbers in many other parts of the world. If there were more real Christians in France, in England, in Germany, in Austria, in Russia and others of the warring nations, this great war would not have occurred."

"The United States must become more Christian. Our want of Christianity is the cause of most of the dissension between this country and Japan. We must have Christianity to deal with other peoples."

COUNTIES VOTE DRY IN ILLINOIS

Prohibition Gains Territory; Republicans Win Chicago Contests

CHICAGO, April 7.—A total of 55 out of 102 counties in Illinois are entirely dry today. Three new counties, Marion, Franklin and Jasper, having been added to the dry column in yesterday's local option election.

About 100 saloons were voted out of business out of the 350 involved in 45 townships. The chief dry victory was in Centralia, which has been wet for 60 years. Thirty-eight saloons were voted out there.

In Wisconsin, cities, towns and villages which voted on the liquor question yesterday showed a gain for the dry forces in the number of towns gained, but the larger cities voting on the issue, Madison, Superior, Ashland and Beloit, remained in the wet column.

THOMPSON FOR MAYOR.
Complete returns from yesterday's municipal election show that William Hale Thompson, Republican, was elected mayor by a plurality of 138,581, the largest plurality ever given a candidate for that office in Chicago.

Out of a total registration of 769,017, there were cast for mayor \$69,891 votes, divided as follows:
William Hale Thompson (Republican), 390,683.
Robert M. Switzer (Democrat), 251,792.
Seymour Steadman (Socialist), 23,826.
John J. Hill (Prohibitionist), 3590.

HOW WOMEN VOTED.
Sixty-one per cent of the women's vote was cast for Thompson, according to an estimate by election officers. Thirty-six per cent of the women's vote was cast for Switzer. It was the first time that women voted for mayor in Chicago. The total women vote for Thompson was 144,564; for Switzer, \$9,718.

For the first time in the history of Chicago, a negro, Oscar de Priest, was elected to serve on the city council. He was chosen from the second ward, which is thickly populated with negroes. He was a former county commissioner. Michael (Hinky Dink) Keena, who has served as alderman from the first ward for 20 years, was re-elected by a plurality of 4000. The next city council will be made up of 33 Democrats, 31 Republicans, 2 Pro-

hibitionists, 3 Independents and 1 Socialist.

G. O. P. VICTORIOUS.
By Associated Press.
ST. LOUIS, Mo., April 7.—The entire Republican ticket of twenty-eight aldermen, led by A. H. Frederick for chairman of the board, was elected here by a plurality estimated at 25,000.

OKLAHOMA MAYOR CHOSEN.
By Associated Press.
OKLAHOMA CITY, Okla., April 7.—Ed Overholzer, Republican, was chosen mayor in the city election here yesterday. J. C. Street, Democrat, was elected commissioner of public property and Michael Donnelly, Democrat, commissioner of finance. The new board of city commissioners will consist of three Democrats and two Republicans.

ST. PETER VOTES WET.
By Associated Press.
ST. PAUL, Minn., April 7.—Elections yesterday in several Minnesota cities showed the fourth class wet vote but one important change in the wet and dry situation. This was at St. Peter, where saloons were voted in by a decisive majority.

REPUBLICANS WIN CITY.
By Associated Press.
JAMESTOWN, N. Y., April 7.—The Republican city ticket was elected at yesterday's city election, including three supervisors, six aldermen and minor city officers.

MAYOR GREEN RE-ELECTED.
By Associated Press.
KANSAS CITY, Mo., April 7.—C. W. Green was yesterday re-elected mayor of Kansas City, Kan., by a majority of almost 6000 votes. The entire administration ticket was victorious along with Mayor Green. James L. Beggs, on whom the closest race was made, was elected commissioner of streets and public improvements by almost 2000 majority.

SINGLE TAX LOSES.
By Associated Press.
COLORADO SPRINGS, April 7.—A charter amendment providing for the single tax in municipal affairs was defeated in the city election here yesterday. The voters also defeated an amendment permitting Sunday amusements.

Restaurant Raided by 1500 Hungry Men

VANCOUVER, B. C., April 7.—Fifteen hundred men who had been refused further relief work in Vancouver by the city council last night gathered at a restaurant on Cordova street, breaking the windows and carrying off fruit. The police promptly arrested five of the participants and the mounted force dispersed the remainder with little trouble.

that she was "going to divorce him" about last Thanksgiving Day and that she refused to consider any other possible adjustment of their affairs.

Last July, Speddy says, his wife insisted that he deed to her her home property at 855 Cedar street, Alameda, and further insisted that he sign a will leaving her his entire estate. The deed was finally given last September, whereupon the husband alleges that Mrs. Speddy immediately sold the property and purchased a ranch in Fresno county, where she went following their separation on December 31 last.

Speddy is 63 years of age. The couple have two children. The climax of the family trouble came with the parting of the home, he says, after he had endured for years her "domineering" attitude toward him, her "bad temper and nagging."

He now asks that she be denied a divorce and that he be awarded a decree, with a just division of their community property, including holdings in Ohio, in San Francisco and the ranch in Fresno county, valued at \$25,000.

JITNEY BUS LAWS TO BE DECIDED BY VOTE

The amendments to the jitney bus ordinance asked by the jitney drivers, which the council has agreed to submit to a vote of the people, were presented to the city council today by City Attorney Ben F. Woolner. They are the reduction of the license from \$50 to \$10 a year, and the change in the provision concerning stopping at railroad and street crossings. The council declined to pass the proposed amendments, and will refer them to the voters.

CARDS FOR BENEFIT.

WHO HOLDS LUCKY SLIP? Gold Watches Will Be Tribune Prizes

Who holds the lucky tickets? Six gold watches are awaiting six fortunate subscribers to The Tribune as the result of the drawing held in The Tribune office, when, under the eyes of a committee of Oakland business men, little Levy Syzain, 10 years old, drew the numbered slips of fortune from the big box. Five numbers were drawn for each watch, the holder of the second number to have an opportunity in each case if the first number is not turned in, and so on for the five.

The drawing was supervised by Ed A. Theile of Abrahamson's, Charles M. Tieberg of the Royal Shoe Company and J. R. Newson of Kahn Brothers. The numbers are as follows:

Watch	Watch	Watch	Watch	Watch	Watch
No. 1	No. 2	No. 3	No. 4	No. 5	No. 6
Number 1 .. 30287	49828	16501	36876	43215	36325
Number 2 .. 41971	30309	41078	40794	44861	10808
Number 3 .. 34714	49730	10971	36554	40408	44371
Number 4 .. 30160	48006	48262	48263	13115	41530
Number 5 .. 30535	12137	8512	40772	43387	19921

Whoever holds Nos. 30287, 49828, 16501, 36876, 43215 or 36325 is entitled to one of the gold watches offered as prizes if they present their tickets within ten days. At the end of that time the second set of numbers will be taken, and these will run for five days. Then the third will be chosen should any second series numbers not be redeemed, and so on until all watches are claimed by winners. The watches are 17-jewel Waltham and Elgin standard timepieces.

2:30, at which time the report of field
superintendent, Mrs. Mackenzie, will be
heard and much of interest to all wo-
men who believe in the enforcement of
the redlight law will be discussed. A
general invitation is extended to all wo-
men to be present.

Mrs. Mackenzie is familiar with the
workings of the redlight law in Iowa,
having been in the state at the time
of its passage and has had experience in
the work in Chicago and other cities. She
knows the value of co-operation in the
effort to save girl visitors to the Pan-

ready for the convention that will be held
in connection with the great fair and
the stenographer engaged will act in a
public capacity at that event.

CHARTS OPEN VALLEY
OF ALASKA TO WORLD

By Associated Press.
WASHINGTON, April 7.—Chart makers
of the coast and geodetic survey have
blazed the way for the development of
the resources in the valley of the re-
cently discovered Great Kuskokwim
river in Alaska, by the completion of
charts of the Kuskokwim bay and of the
river.

The charts, the results of four years of
persistent effort in the face of many
difficulties and some danger, for the first
time answer the question of how to reach
the mouth of the river from the sea.
With the aid of charts, the river valley
becomes accessible and "the resources of
a territory covering many thousands of
square miles await the opportunity," says an
announcement of the Department of Com-
merce today.

Dr. Reisner thinks that some of these

Told That There Was No Cure for Him.
"After suffering for over twenty years
with indigestion and having some of the
best doctors here tell me there was no
cure for me, I think it only right to tell
you for the sake of other sufferers as
well as your own satisfaction that a 25
cent bottle of Chamberlain's Tablets not
only relieved me, but cured me within
two months, although I am a man of 45
years." writes J. J. Groben, Houston,
Texas. For sale by Ogden Bros. Drug

DOWNTOWN ASSOCIATION
MAKES MERRY AT FAIR

TRIBUNE BUREAU, Panama-Pacific
Exposition, April 7.—The members of
the San Francisco Downtown Town Asso-
ciation went to the Panama-Pacific Inter-
national Exposition today, the day having
been officially set aside as Downtown Town
association day by the directors of the
exposition.
Evan Maury was chairman of the day
and made the opening address. Frank L.
Turner, president of association, made
the speech of acceptance for the bronze
plaque presented by an official of the
exposition.
The principal address was by Turner,
who spoke at length on "The Origin,
Development and Effect of the San Fran-
cisco Downtown Town Association. An ad-
dress was made by Congressman
Julius Kahn. Music was furnished by
the official exposition band.

OHIO CELEBRATION TO
BE HELD TONIGHT

TRIBUNE BUREAU, Panama-Pacific
Exposition, April 7.—The 10th anni-
versary of the first settlement of Ohio
will be celebrated at the Ohio pavilion
tonight by the auspices of the
Ohio Society of California. The exer-
cises begin at 8 o'clock and the building
will be open to the public for the
evening. The celebration is public.
An appropriate address will be deliv-
ered by Hon. Clarence K. Baugh, president
of the Ohio society. After the program
music and dancing will be enjoyed.

BRIDEGROOM JACKLING
BUYS S. F. HOMESITE

SAN FRANCISCO, April 7.—Daniel
Cowen Jackling, millionaire mining man,
who is speeding eastward in his private
car on his honeymoon trip, is the pur-
chaser of the property at the northeast
corner of Washington and Octavia streets
and is to build on it a handsome home
for his bride, who was Miss Virginia
Jolliffe.
The property, which until last Saturday
belonged to the Hecht estate and to Peter
Morgan, changed hands suddenly, and its
purchaser was kept secret. The price
paid was \$150,000.
Obviously it was purchased by Rufus
C. Thayer, but he admitted yesterday
that he was not the actual buyer, al-
though refusing to discuss the secret of
Colonel Jackling.

EBELL CLUB HOLDS ITS
ELECTION OF OFFICERS

The officers to head Ebell Club dur-
ing the ensuing year were unanimously
elected from the ticket prepared by the
nominating committee yesterday at the
annual meeting of the organization. Mrs.
Edwin Owen is again to be the president,
the other directors being:
Mrs. Richard H. Kessler, Mrs. C. H.
King, Mrs. W. E. Montgomery,
Dr. Carra Schofield Aldrich, Mrs.
Harry Benner, Mrs. J. A. Vander-
grift, Miss Emma S. Pfleger and Mrs. A.
L. Cunningham. The new members of
the membership committee will be: Mrs.
C. D. Vincent, Mrs. W. J. Hitchcock, Mrs.
William O. Atwater, Mrs. F. A. Webster
and Mrs. J. W. Shanklin.

RED CROSS VICTIM OF
TYPHUS RECOVERING

NISH, April 6, via London, April 7.—Dr.
Edward W. Ryan of the American Red
Cross, who is suffering from typhus, is
progressing satisfactorily. The French
Government has conferred upon him the
decoration of chevalier of the Legion of
Honor, thus recognizing his services for
which Serbia has already conferred upon
him the order of St. Sava.

ROOT ELECTED.

ALBANY, N. Y., April 7.—Elithu
Root, former United States Senator
from New York, has been elected
president of the seventh state con-
stitutional convention over Morgan J.
O'Brien of New York. O'Brien was
supported by Democratic members of
the convention. A plan for conserva-
tism in changing institutions of long
standing marked the address of Mr.
Root in accepting the presidency.

MIDWICK POLOISTS WIN.

SAN FRANCISCO, April 7.—The Mid-
wick team of Pasadena, California, added
to its broken string of victories in the
Universal polo tournament by defeating
the four of Cooperstown, New York, by
a score of 14 to 5 in the semi-finals for
the Golden Gate cup on Exposition field.

Don't Be Misled if

I was taken to St. Francis Hospital to be
treated for bronchitis and congested lungs.
After several weeks' treatment I was ad-
vised by the doctor to go to a convales-
cent sanitarium, but could not be ad-
mitted because the doctor at the hospital,
after a thorough examination, declared
my case tubercular and gave me a cer-
tificate to that effect. I showed the cer-
tificate to Father Stark, and he advised
me to take Eckman's Alternative. I took
it faithfully and soon found myself free
from night sweats and fever. I have not
taken the Alternative now for two years,
and can truthfully say I am well. I feel
better and am stronger than before my
sickness." (Abbreviated.)

PLANS MADE FOR
BIG FUNCTIONS

Military Day, Cuban Dedication
and Other Events
Coming.

TRIBUNE BUREAU, Panama-Pacific
Exposition, April 7.—Preparations are
complete for two big celebrations at the
fair, the Cuban dedication of Saturday
and the "Nine Years After" celebration
to mark San Francisco's rising from the
ruins of the great fire. The Cuban
ceremonies will be elaborate.
Major-General Enrique Loynaz del
Castillo, commissioner of the Republic of
Cuba to the exposition, will preside
over the ceremonies. Among the speak-
ers will be officials of the exposition.
William Bailey Lamar, representing the
Federal government; Major-General Ar-
thur Murray, Governor of Hawaii; John-
son and Mayor James Rolph Jr.
On the receiving line at the evening
reception will be Mrs. Puyma, wife of
the Cuban ambassador, Mrs. William T.
Sweeney, Mrs. Rogers L. Perry and
Miss Flora Moss, noted Cuban pianist.
Commissioner Ernesto Nathan, former
mayor of Rome, and Italian commis-
sioner to the exposition, today superin-
tended the unpacking of Italian exhibits
and art treasures on the steamer Vega,
which arrived last evening with its
precious cargo.
Roy Dempster, a motor truck driver,
was an accident victim at the exposition
yesterday. He was attempting to start
an aeroplane engine at the California
building, when the propeller blade took
off a finger.
Plans for the Utah dedication, to take
place Monday, are announced. Governor
William Spry of Utah and an official
party to be here for the ceremonies. The
Missouri building will be the scene of
merment Saturday, when an elaborate
celebration will be held. Tomorrow
will see army and navy day.
A great parade will be a feature of
the "Nine Years After" celebration. The
parade divisions follow:
First division—Squad of mounted po-
lice, automobiles containing Governor
Johnson, Mayor Rolph, President Moore,
committee of arrangements for the cele-
bration, directors of the exposition, city
officials.
Second division—United States troops.
Major-General Arthur Murray, command-
ing.
Third division—Local and visiting fire
departments, with apparatus, marshaled
by Chief Engineer Thomas H. Murphy.
Fourth division—Uniformed organiza-
tions, marshaled by James H. Rolph.
Fifth division—Concessionaries of the
exposition, marshaled by Fred Swanson.
Sixth division—Insurance representa-
tives and other citizens, automobiles,
marshaled by William Klingler.

Meet your friends, write your
letters—THE TRIBUNE
booth, Liberal Arts Building, Third
street, between Avenues C and D. You
are welcome.

NOTED CONVENTIONS
TO MEET TOMORROW

TRIBUNE BUREAU, Panama-Pacific
Exposition, April 7.—Tomorrow's con-
vention program at the exposition is
elaborate. Among the features are:
Social Workers' Congress—
Eighteenth day of 11 days' session, audi-
torium hall "B," at 9 a. m., 2 p. m. and 8
p. m.
Great Camp of California, Knights of
the Macabees of the world, third and
last day's session at Odd Fellows hall,
Market and Market streets, 10 a. m. and
2 p. m.
Music Supervisors of Schools of Cal-
ifornia—First day of a two day session
at the auditorium, hall C-1 and C-2,
2 p. m.
California Teachers' Association (847
Section)—Fourth day of five days' ses-
sion at the Auditorium 10 a. m. and
sectional meeting at Festival hall.
The following California Teachers' in-
stitutes will meet in connection with the
above association:
San Benito county, Sonoma county,
Contra Costa county, Mendocino county,
Marin county, Alameda county, Amador
county, Teachers' Institute of the city
and county of San Francisco.

FRANCE TO DEDICATE.

TRIBUNE BUREAU, Panama-Pacific
Exposition, April 7.—Although one of
the chief participants in the world war
just now devastating Europe, the Re-
public of France, undaunted, will still
be one of the chief participants in the
Panama-Pacific International exposition,
and tomorrow her pavilion will be offi-
cially dedicated.

Mothers Tell of
Mother's Friend

Experience is or should be our best
teacher. Women who have obeyed the
highest and noblest
at all sacrifices, the
struggle for the life
of others, should
have a better idea
of the help that
than those who
theorize from obser-
vation.
At any rate when
a prospective grand-
daughter is to be
"Mother's Friend," there is ample reason
to believe it the right kind of advice.
Its purpose is to furnish planity to the
muscles, to take away the strain on the
coria and ligaments, to relieve the ten-
sion of nerves and tendons so apt to
provoke or aggravate nausea, morning
sickness, twitches of the limbs and so on.
It is applied externally.
Although, in the nature of things, a
woman would use "Mother's Friend" but
rarely, yet so effective has it been found
that this splendid remedy is on sale in
most drug stores throughout the United
States. It has been prepared by Shadell
Regulator Co., 305 Lamar Bldg., Atlanta,
Ga., and advertised by us for over twenty
years. Ask at the drug store for a bottle
of "Mother's Friend." It is worth while.

HEAVY DAMAGE IS DONE
BY GRAPEVINE HOPPER

UNIVERSITY OF CALIFORNIA, April 7.—The
University of California has just published a
bulletin by H. J. Quasey, associate pro-
fessor of entomology, to the staff of the
citrus experiment station at Riverside,
in which he tells how to make and apply
a spray, consisting of a 1st of 40 per
cent black leaf and a 2nd of a gallon
of liquid soap for each two quarts of oil.
The first signs of injury from this pest
are a mottling of the leaves with gray
and green. Then the leaves turn silvery
and yellow and brown, then drops from
the vine. This loss of leaves prevents the
grapes from maturing properly and pre-
vents the vines from growing normally
for the next year or more. The hopper
is a pest of the vineyards of California
in general. It is only when the grapes
grow extremely numerous, however, that
enough injury is done to warrant treat-
ment. It is the warmer interior valleys
in which the grapevine hopper thrives
most, and it seldom becomes injurious in
the coast valleys nor in Southern Califor-
nia, except in the reclaimed desert ter-
ritory.
It is somewhat helpful to turn sheep
into the vineyard in the fall, to eat the
leaves, thus reducing the number of in-
sects the next year. Early plowing is
also of some slight aid if practiced gen-
erally in a district.
The adult grapevine hoppers are almost
impossible to kill by spraying, but the
young of the hopper, which are hatched
in the spring, can be killed by spraying.
This circular can be obtained free by
writing to the College of Agriculture at
the university.

EARLY BARLEY CROP.

CORNING, April 7.—Many of the best
barley crops in the state are now being
harvested. The crop is unusually early
due to the fact that the season has been
so warm, and that is a field in
barley headed out, and will be ready in
about three weeks for the header. The
straw is very large and the grain in the
head maturing well.

MAY START SEMINARY.

CHICO, April 7.—Another addition may
be made to the educational institutions
of Chico if the tentative plans of Mrs.
H. O. Keeney of Rockville, Conn., for
the establishment of a girls' seminary are
carried out. Mrs. Keeney left Chico yester-
day after spending several days here
looking over the city and the possibilities
of such an institution in this city.

ROSSI IS ARRAIGNED.

CHICO, April 7.—Tony Rossi, charged
with passing a forged check on C. H.
Blecher, a junction clothier, and who is
believed to have been connected with the
Esola gang of Italian forgers in San Fran-
cisco, was arraigned before Justice of the
Peace J. L. Barnes, with Frank Flor-
vanti acting as interpreter.

PIONEERS ARE LESS.

GRASS VALLEY, April 7.—The Pione-
ers Club of this city is having its ranks
decimated very rapidly during the past
few weeks. Albert Matteson, 51 years of
age, passed away at his home near this
city, following a long illness. He was a
wealthy land owner who had spent more
than half a century in the country.

WOODLAND MAN DYING.

WOODLAND, April 7.—Hidings have
reached here from Livermore to the effect
that Dr. C. F. Clark is dying at a sanita-
rium at his home near Livermore. Dr.
Clark left Woodland for Livermore three
weeks ago, hoping to get relief from a
serious ailment. He is prominent frater-
nally.

NOTED WOMEN TO TALK
AT BERKELEY CENTER

Mrs. May Wright Sewall, noted
peace promoter and Robert C. Root,
Pacific Coast secretary of the Ameri-
can Peace Society of Washington,
will explain the logical necessity of
universal harmony at a meeting of the
Berkeley Center next Thursday af-
ternoon.

Mrs. Sewall, who has many distinc-
tions, such as chairmanship of the in-
ternational Committee of Women
Workers for Peace, German Peace, and
also of the Woman's Peace party of
the Pacific coast, will talk on
"Women and the Peace Movement."
Mrs. Root's topic will be "The Doom
of War."
The program will begin at 2 o'clock,
with Mrs. Dana Coolidge presiding,
and will be open to the public inter-
ested in this question.

DON NEW UNIFORMS.

SAN FRANCISCO, April 7.—Not to be
outdone by the police department,
the state of the emergency hospital
workers came out this morning in
bright new uniforms. The hat insignia
and service stripe arrangement is
almost identical with that of the
patrolman, save for the fact that a
green cross, signifying the depart-
ment of public health, is worn on the
forage cap and on the sleeve.

RENTS OLD RESORT.

DUNSMUIR, April 7.—H. H. Hoppe, for-
merly of Pacific City and Greenville, Plumas
county, an expert in making trout flies,
has obtained a lease for five years on the
Castle Rock tavern, situated five miles
north of this city.

HURRAH! SAYS CARRIER,
COOL CLOTHES COMING

WASHINGTON, April 7.—Postmaster-
General B. H. Joseph has issued in order
permitting very better carriers to wear cooler
summer uniforms where they can pro-
vide for the order proper. The order pro-
vides that the uniform consist of light-weight
trousers, jacket or serge, "composed wholly
or in part of wool or cotton." It makes
possible the use of all cotton goods. No
change is made in the cut and design of
the uniform.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Advertisement.

THE DEFENSE OF THE NATION.

The dear and leader of the American bar, the Hon. Joseph H. Choate of New York, a man of great culture, accumulated wisdom and wide human experience, who has lived for more than eighty years, was invited recently by one of the great reviews to write an article on a subject of his own choice. Casting about in his mind for something that seemed timely, important and suggestive, Mr. Choate selected for his topic, speaking in a national sense, "The Right and Duty of Self-Defense." As is well known, Mr. Choate has wide experience and knowledge of international affairs and was one of the most successful ambassadors to the court of St. James which this country has ever sent to that important post. He is also a lover of peace and is one of the trustees of the Carnegie Peace Endowment, and is a frequent speaker and writer on the subject of international conciliation, the reduction of armament and the establishment of an international court for settling the differences between governments which cannot be adjusted by diplomacy and which ought not to be adjusted by arms.

Mr. Choate doubtless had in mind when he selected this title, "The Right and Duty of Self-Defense," the words of the most peace loving and the most distinguished soldier of this country, who, in 1793, said in his speech at the opening of Congress:

"There is a rank due to the United States among nations which will be withheld, if not absolutely lost, by the reputation of weakness. If we desire to avoid insult, we must be able to repel it. If we desire to secure peace—one of the most powerful instruments of our prosperity—it must be known that we are at all times ready for war!"

Washington's words which we have just quoted are as true and as applicable today as they were the day they were uttered. They had no relation to the permanent maintenance of vast armaments by this country. The people who believe that we ought to have a large number of men continually under arms and who think our navy ought to be the largest in the world are not very numerous and not very influential at the polls. But there is a very large number of sensible, clear-thinking persons who understand with undimmed clearness the difference between the taking of rational means for defense and the maintenance of huge military establishments in times of peace.

Many well meaning people begin to talk hysterically and rather foolishly every time the President or a committee of Congress proposes an additional ship or two for the navy and every time some military expert calls attention to the fact that we need more men and officers to serve our coast artillery or some other branch of the military service. The people of the United States are still too human and have too much red blood in their veins to believe, as Mr. Bryan and some of the peace fanatics profess to believe, that we can disarm with safety and then rely upon the consideration of the rest of the world to treat us with unfailing justice and generosity on account of our goodness, faith in human nature and superhuman trust. Peace extremists seem to believe the proper course for this government to pursue is to stop building ships, dismantle the navy yards, and reduce the standing army to a mere police force. They seriously argue the advisability of some such course as this. They even suggest that we should throw away our arms, level our defenses in view of the very fact that the larger part of the civilized world at this moment is engaged in one of the most desperate wars of all history. If peace reigned throughout the world, if there had been no considerable warfare for a number of years, if there were manifest on the part of the powerful governments a disposition to abide by treaties, to extend and fortify the rights of neutrals and to apply consistently the principles of the Golden Rule to international intercourse, we could well understand the sense and propriety of a suggestion looking toward disarmament on the part of the United States government. But when the nations of the earth are fighting like enraged wolves and when it is quite possible that we may, against our wishes, be drawn into the conflict, it seems little short of lunacy to be babbling about the wickedness and expense of reasonable preparedness for national defense.

We do not overlook the assertion which has been frequently made of late, that the present great war, and most of those preceding it, have been brought about as a result of the maintenance of the excessively large military establishments of the European nations. We saw it asserted by one of the many peace advocates the other day that all the wars of the United States had been caused by the fact that we had a large standing army and a military establishment. Of course, the person who made this astounding statement had not stooped to consult anything so commonplace as a United States history. We presume that there are not many persons who believe the Revolutionary War, or the War of 1812, or the Mexican War, or the Civil War was occasioned by reason of the preparedness of the United States and the existence of a military class in this country. The world still respects force and if we hope to have our rights properly respected and to maintain our national dignity, we must keep an adequate force on land and sea. Mr. Choate on this point well says:

"Some earnest Christians of today, and among them some of my fellow pacifists, object to this theory of self-defense and profess to believe that all preparation for defense will only invite attack. But I think that Washington and the framers of the Constitution of the United States, who had just emerged from a seven year war, understood the subject much better than these doctrinaires of today. And if Washington's theory was correct in the very infancy of the republic, it is certainly equally so now that we have become a great world power, with exposed flanks and liable to attack at any time. For certainly any nation in the world has as large a reason for attacking us today as Germany seems to have had for attacking Belgium on the 4th of August last. I have referred to our exposed flanks. We are exposed to attacks in all directions. The Philippines are a perpetual challenge. In obstructing and undertaking the defense

of the Panama Canal, we have assumed the responsibility of an undefended sea coast, greater than that of any other nation. And this point is of significance to Oakland and San Francisco. We have splendid sea coast cities whose fortifications, however costly they may have been, would not suffice to defend these cities against hostile armies landing at a safe distance from the fortifications. And then there is the Monroe Doctrine which is so dear to the people and which is not worth the paper on which President Monroe wrote the short sentence which embodies it. Unless we have the force to defend it when challenged and are ready to use that force, let us not make the mistake of forgetting the first law of nature—the right and the duty of self defense. As surely as we neglect this duty and abandon this right we shall some day pay a fearful penalty.

Mr. Choate is in favor of strengthening the army and improving the navy in the light of the new scientific truths evolved as a result of the European war now in progress. The lesson of the war is that our naval constructors and the students of naval policy have much to learn as well as to learn. Many lessons of importance are also being taught to our students of military science. It is the plain duty of this nation to develop the army and navy upon the most modern and intelligent lines. President Wilson has wisely thrown out a hint which looks toward the widening of military education and training in this country to the point where it shall embrace every sound and normal boy. His ideas are to establish some relation between the war department and the various universities, colleges and schools of the country where military instruction under proper conditions and provision can be given to the students. He believes, as do most thoughtful men, that such military training would not only make for the better defense of the nation in times of peril, but that it would prove of immediate and lasting advantage in a physical way to the youth of the nation, and that it would be of benefit to them morally and in the way of character building, inasmuch as it would teach self-control, obedience and discipline. The general participation by the youth of the country in the study of military drill and tactics would not by any means tend to create a distinct or exclusive military class, because the young men who receive this training would not be trained primarily for a military or naval career. After having finished their education and military training, they would pass into civil life and would only be called upon to bear arms in case of emergency. Giving a few months or a year to military instruction and training, does not by any means have the effect of causing the young men to become enamored of military life. The danger of what is called "militarism" from this source would be negligible.

It seems to us that the suggestion of disarmament or the immediate reduction of our military and naval establishment is wholly out of the question and is a subject that ought not to merit any very considerable consideration on the part of the American people at this time. We all stand ready to participate in, yes, to lead in a sensible, sober, carefully planned movement that shall have for its object the securing of an international agreement for the reduction of armaments upon some carefully agreed and satisfactory basis. We are all ready to do our part and more than our part to bring about the establishment of an international court but we cannot do these things alone. We cannot force other countries to meet our wishes respecting these matters. We cannot compel a single responsible power to agree to reduce its army and navy. We cannot today persuade any responsible government in the world to reduce its army and navy unless our persuasions were to take the form of force. So it is out of the question to talk about reducing the size of the army and the navy at the present time. What we should do, on the other hand, is to bend all of our energies and to direct all of our talents to the task of improving the army and the navy; to getting the very best results from the money expended upon them.

One of the very excitable newspapers of San Francisco—a city where excitement comes easy—declares in tremendous headlines, anent the victory of "Jesse" Willard over "Jack" Johnson that the "honor of the white race is saved." Behind this bit of hysteria there is the curious conception that somehow there is involved an issue of real seriousness in the question of supremacy in the prize ring of a white man as compared with a black man. This idea has long prevailed in certain circles, without support either in logic or experience. It is true that during the greater part of the period in which the "championship" has been recognized, white men have held the "belt." But one Peter Jackson, a black man, was for a considerable time a universal challenger and more recently this distinction has been held by the negro Johnson. Has anybody ever been able to discover that the "honor" of one race or another has been in any wise involved in this trivial competition? The thing is ridiculous. Our San Francisco contemporary would do well to calm its mind.

A duly qualified and reliable auditing and accounting firm has examined the books and business of the Pacific Mail Company in order to ascertain what extra costs, if any, that organization will be subjected to by reason of additional expenses which will be placed upon it through the operation of what is called the "Seamen's Union Bill." The report of the accountants is full of somber significance. It shows in plain, easily understandable figures that if the Pacific Mail steamers continue to be operated under the American flag, subject to American navigation laws, they will have to meet the requirements of the new Seamen's Union law and thus be compelled to add about \$600,000 to their present operating expenses which will result in a loss to the company of several hundred thousand dollars a year and it will make it impossible for them to remain in business as an American corporation. Unless the Seamen's Union law be amended in order to make conditions more tolerable, the Pacific Mail company will have to go out of business and its boats will doubtless be sold to Japan or some other foreign country.

It appears that autocracies as well as democracies are ungrateful. Here for years has our gifted fellow citizen Mr. Gifford Pinchot been exploiting German ideas and German methods and attempting to engraft them upon an important department of the American Government. And now in the face of all this fine enthusiasm for things German, comes the German Government and inconspicuously fires Mr. Pinchot from Belgium, because, forsooth, he has a sister married to an Englishman. This, while Mr. Pinchot holds a commission from the Government of the United States as a member of the American Relief Commission, and as a special diplomatic agent. Verily the times are out of joint!

Our fellow citizens of Los Angeles may or may not be what we some times hear called "true Californians." None the less they are not a people without feeling or without susceptibility to their own emotional standards. For example: When all of Los Angeles was in the streets on Monday the evening bulletin of the Willard-Johnson prize fight, a negro in the crowd called out "Johnson wins." According to a telegraphic report, "pandemonium reigned. The crowd made for the black and pursued him until his coat-tails were lost to view." Verily, they take some things seriously at Los Angeles.

PREDICTS WAR WITH JAPAN.

England, He Says, Violated All International Rules, and the Action of Germany Was Right—Miss Beveridge, an American nurse in Berlin, Also Champions the Kaiser's Cause.

WASHINGTON, April 6.—Attacks upon the foreign policy of the United States and the British system of trade regulations with assertions that a war between this country and Japan is inevitable, by Miss Herman Ridder, the New York German editor, and Miss Ray Beveridge, an American woman who was a nurse in Berlin, were received with applause by an audience of several hundred persons at the National Theater last evening.

ALLIES ACCUSED OF PERFDY.

Mr. Ridder defended the action of Germany in resisting the attempt of Great Britain to cut off food supplies, and declared that England had violated all international law. He declared that The Hague treaty had been violated by the allies in interfering with the coast patrols and in seizing German mail.

The speaker expressed reproaches that the government of the United States "has turned against Germany. Germany is our traditional friend," he said, and "England has proved herself our historical enemy."

Miss Beveridge, who returned from Germany five weeks ago to lecture in this country, described the conditions in Germany and Belgium, and told of the suffering among the soldiers. She refused to discuss in detail the atrocities said to have been committed by soldiers of the allies in Belgium, declaring, "It is not my purpose to accuse any nation." She added, however, that she had seen soldiers in Berlin hospitals whose sight had been destroyed after they had been wounded on the battle field.

AGAINST SHIPMENTS OF ARMS.

Miss Beveridge criticized the United States for allowing arms to be shipped to the allies. She said that the United States would have had a precedent to follow in refusing to allow shipments of arms, and cited an embargo on arms made by President Grant in the Franco-Prussian war.

Among those who heard Mr. Ridder's address yesterday afternoon was the German Ambassador, Count von Bernstorff.

Notable Persons

Elihu Root, former United States senator, has been elected president of the New York Constitutional Convention, the first to be held since 1894, and which will, with many of the most important figures in political life in attendance, take up important political matters.

Rear Admiral Robert N. Peary, retired, celebrated the sixth anniversary of his attainment of the North Pole at an "Alaskan Dinner" given at his Washington home in honor of Secretary Redfield.

William Jennings Bryan, Secretary of State, is lame as the result of a bad fall, sustained when he slipped on the State Department steps at Washington. The injury is painful but not serious, his physicians say.

The Duke of Brabant, eldest son of King Albert of Belgium, although only 14 years of age, has joined the army, having enlisted in the Twelfth Infantry, where he was discovered marching with a rifle at his shoulder when his father reviewed the troops.

Robert E. Sherry, only son of the famous New York restaurant man of the same name, will be a visitor at the Panama-Pacific Exposition, when he will also claim as a bride Miss Mae Costigan of San Francisco.

American Ambassador Thomas Nelson Page has not gone to Genoa to discuss peace negotiations with foreign diplomats. It has been announced, but is only seeking a brief vacation from his work.

Norman M. Halcombe, prominent San Francisco business man, will leave tomorrow for England to join the British army. It was announced last night at a farewell dinner given by him at the Press Club.

THE WAY OF MOTHERS.

(By Jane Burr)

I've tucked him under the blankets,
I've snuffed the flickering light—
His gapping satchel mocked and stared
As I said, "My son—good-night."
Tomorrow and tomorrow,
I'll come, but he will have flown—
Tomorrow and tomorrow
I'll rock by the hearth alone!

I've kissed his wee little bruises,
I've buttoned his round-collared shirt,
Taught him the tales of the gnomes and elves
And bound his baby hurts;

I've watched beside his cradle
When the fevers raged and burned—
And stood with God at the turning,
Where the bigger things are learned.

And now the nestling is over,
He aches for the spread of his wings;
Aches for his chance—his bitter chance
To learn the bigger things.

And 'way out there who'll soothe him,
So helpless they are—our men—
I'll go once more while he's sleeping
And tuck him in again.

Policeman Burned On Car.

Policeman Lawrence S. Smith of New York was badly burned on a Fifth avenue, Brooklyn, trolley car on the way to his home last night.

A paper bag on the seat beside him suddenly burst into flame. His uniform caught fire and it was several minutes before he, with the aid of other passengers, was able to put out the blaze.

Smith said he had noticed the bag when he took his seat, but thought it contained popcorn. After the fire had been put out the fragments were taken to Brooklyn police headquarters for examination. The substance appeared to be white crystals of some inflammable chemical. Detectives were sent out to see if the bag had been planted by some practical joker.

"Now, look heah, Cap'n Gawg, I doan want to hurt nobody, but I jes want to know who dat man was wot tol you, and I sho will go after him, 'cause he done gone and 'sult me. Me got ancestors? Why, Cap'n, that's as big a lie as was ever told. I never had nothin' in my life

Equality—Onions and Tears.

Alice was very enthusiastic regarding the new minister, and young Winston was inclined to be rather jealous.

"Oh, he is superbly eloquent," cried Alice. "He can move his hearers to tears."

"Well, that is, but a paltry accomplishment, Alice," replied the young man, sarcastically. "I would scorn proficiency in an art in which every sneeze is my equal and every peeled onion my superior."

CONFERENCE HELD
ON ROAD PURCHASE

Western Pacific Project Is Discussed by Officials and Experts.

SACRAMENTO, April 7.—A conference upon the proposed purchase of the state of the Western Pacific railroad, now in receivership, was held yesterday in the office of Governor Hiram W. Johnson. Present at the conference, which continued for more than three hours, were: Hiram W. Johnson, Governor; Charles S. Winter, who made the original suggestion to Governor Johnson a few weeks ago; Lieutenant Governor E. J. Egan; John P. Neelan and Clyde L. Seavey of the State Board of Control; and John F. Bowie, a San Francisco attorney.

"All there is to say is that we were considering the matter. When our study is completed a statement will be made," was the only comment made by the governor after the conference. The others declined to make any statement.

Today's conference followed the return from the East of Sprickles and Bowie, who went to New York for discussion of the plan. The conference was held in the Washington Sprickles' office, in the Washington Hotel. It was reported that the plan was a discussion of public ownership of the Western Pacific railroad.

Although Sprickles, whose Eastern trip was on his own initiative, gave a full account of information gathered on his Eastern trip, the whole proposal was discussed in a confidential detail. It is not believed that any definite conclusions were reached today or that any opinion expressed that so many probable obstacles would be encountered that an immediate initiation of the plan is unlikely.

EAGLES ELECT DELEGATES.
RICHMOND, April 7.—Delegates to the grand lodge were elected tonight by Point Richmond lodge, P. O. E. The lodge members in San Francisco Bay, May 10. Those elected: Phil Barry, Max Michael and G. F. Kelly. With Dr. C. R. Drake, W. Brown and William McChristian as alternates.

HOW TO STOP
DANDRUFF AND
LOSS OF HAIR

Here is a simple, inexpensive treatment that will almost always stop dandruff and scalp itching, and keep the hair thick, live and lustrous: At night, spread the hair apart and rub a little resinol ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning shampoo thoroughly with resinol soap and hot water. Work the creamy resinol lather well into the scalp. Rinse with gradually cooler water, the last water being cold.

Resinol ointment and resinol soap easily heal eczema and similar skin eruptions. Prescribed by physicians for 20 years, sold by all druggists. For retail free, write to Dept. 11-R, Resinol, Baltimore, Md.

COUNCIL FIXES ELECTION DATE

Alameda School and Harbor
Bond Issue to Be Voted
May 11.

ALAMEDA, April 7.—The school and harbor bond election is to be held Tuesday, May 11. This date was fixed by the city council last night. The election was to have been held next Wednesday, April 14, but after the school board had been elected, the city council decided to postpone the election to May 11. The city clerk has been directed to publish the ordinance until he has heard from the city attorney. The city attorney has found that the charter provides that an ordinance must be published at least once within three days after it becomes a law and seven consecutive times to comply with the state bond law.

Last night the city council read the title of a new ordinance repealing the former provisions in regard to the bond election. This was the first official intimation to the council that the bond election was to be postponed.

Councilman William Hammond Jr. and Councilman E. B. Bartlett have been much more than the city would lose because of the postponement of the election. The city clerk has estimated that the loss would be between \$500 and \$600. This includes the printing of sample ballots, extra postage, and the cost of the election material. The city clerk has also estimated that the loss would be between \$500 and \$600. This includes the printing of sample ballots, extra postage, and the cost of the election material.

Upon the motion of Councilman E. B. Bartlett, the date of the election was postponed to May 11. He stated that the Board of Education was desirous of knowing the date, in order that it could proceed with its plans for the election. The city clerk has been directed to publish the ordinance until he has heard from the city attorney.

An application of Theodore Reicht to the city clerk for a copy of the charter of the city of Alameda was refused. The city clerk has been directed to publish the ordinance until he has heard from the city attorney.

KATHERINE J. EVERTS TO GIVE DRAMATIC READING

BERKELEY, April 7.—Katherine Jewell Everts, formerly a member of the company of Ode Skinner and Ada Wrenn, will appear before the university public tomorrow evening under the auspices of the English club in a reading of John Galsworthy's play, "The Forsytes." Everts is now a member of the university faculty and occupies the position of lecturer and vocal interpreter and is also the author of the well known book, "Vocal Interpretation."

The plot of Miss Everts' selection was suggested to the author by the election of the city of Berkeley in England and the play itself has received considerable success since its first appearance in May, 1914.

Only those who have used S. S. S. for the blood know that catarrh is simply a blood trouble. Most people, unacquainted in this mysterious disease, treat their nose and throat as if catarrh was a local trouble. It is not so. To treat catarrh properly, it is necessary to go into the stomach, the liver, the lungs, the kidneys and all the vital organs of the body. And it is S. S. S. that enters the entire blood circulation, all the organs of the body, all the mucous surfaces and becomes a dominant factor for renewed health. It is a simple method when you figure it out. Catarrh is plainly an inflammation of the mucous membranes. And there is in S. S. S. certain ingredients which cause these mucous surfaces to change or convert their secretions into a substance for easy elimination. A special book on this subject will be mailed to all who write to The Swift Specific Co., 110 Swift Bldg., Atlanta, Ga.

U. C. GIRLS ECONOMIC EXPERTS

EDUCATE HOME PURCHASING AGENTS

WILL BE SCIENTIFIC SPENDERS

BERKELEY, April 7.—What does it cost to outfit a bride or a baby? What is the way to find a good cook—and to keep her? How do co-operative housekeeping reduce cost and raise efficiency—and really succeed?

How does buying by mail order really work? The United States government has discovered that such problems are being investigated scientifically by groups of young women at the University of California. This work has aroused so much interest that in a bulletin on "Education for the Home," by Professor Benjamin R. Andrews, just published by the United States Bureau of Education, several pages are devoted to an account of the course on "The Household as an Economic Agent" given by Professor Jessica H. Peckotto of the Department of Economics of the University of California. Here are some of the economic principles expounded in this Berkeley course, according to this government publication: "Not utility only is the basis of economic wants, but sense of beauty, display of power, conformity to tradition.

Conformity to tradition. In the planning of modern budgets ought to be planned in advance. Renting or owning homes, living in separate or in group dwellings—these things react on habits of living. Taste, variety, cheer, tradition—these are important considerations as regards food—not nourishment alone.

At some level of income surplus at last appears; what sort of spending really is wise depends upon the amount available for surplus.

Of the women in the course, fifty per cent filled out household-accounting tabulation sheets with the complete details of expenditures of actual households. The rest made estimates based on studies of current prices. From comparison, they sought to deduce the facts and the psychology of spending. All of which is regarded by the university as valuable professional training for the career most of its women graduates—that of family purchasing agent.

Resolutions passed by the West Oakland Taxpayers' Association asking that the main line tracks be brought up to grade, as they are a menace to health, were filed with the city council today. They were referred to the Committee on Public Health and Safety. C. Turner for a report. The resolutions follow:

"Whereas, for many years there have existed along the western shores of this city at one of its principal gateways low, unsightly and unhealthy marsh lands. These marshes are filled by water trains and lack of drainage has caused stagnant pools to form a constant and long continued menace to a large and thickly populated residential district, and

"Whereas, owing to the location, this nuisance is of transcontinental travel into this city, and

"Whereas, not only consideration of cleanliness, proper sanitation, and the general health, but the effect of these marshes upon the property values of the city, and the fact that the city of Oakland is and is hereby requested to take immediate steps toward abating this serious nuisance by the construction of a drainage system within the section of the city of Oakland comprising the main line tracks to Union street, and extending northward from Eighteenth street to Thirty-fourth street, and be it further

"Resolved, that this association do urge upon the council that the conditions set forth unfavorably affect one of the most extensive districts of this city, and that the need is very great for early consideration of the situation."

TRAMPS HOLD UP ONE OF THEIR OWN SPECIE

DETROIT, April 7.—Two dollars are being paid by two unidentified hobos for a "time" in the city jail today, that amount being obtained when they held up a third tramp in Wyandotte.

The trio had hidden into Wyandotte from Toledo on a freight, when the presence of the money in the party became known. The trio had been in the light coat and the short tramp, who was a white hobo, relieved their companion of his money, and escaped on the same freight, according to the report.

GEORGE B. MCLELLAN
MOTHER'S SOLE HEIR

NEWARK, N. J., April 7.—The personal estate of Mrs. Ellen M. McClellan, valued at \$122,000.64, in an inventory filed with the surrogate here, Mrs. McClellan died several months ago in Europe.

George B. McClellan, formerly a member of Congress and later mayor of New York City, and now professor of political economy at Princeton University, is the sole heir.

RETURNS FROM DEAD.
ESSEX, April 7.—Just as a family in the town of Weymouth, Mass., was preparing for a funeral service for the son, who had been reported as killed in a battle in France, the postman arrived with a letter from the boy, written in a hospital in Toulon. His sight and hearing had been partly destroyed by a bullet wound in the head, but otherwise he was well. The son's estate had been paid to his parents as final and unequivocal proof of his death, whereupon they had made preparations for a service to mourn him.

IT'S ALL ACCUMULATING.
BERLIN, April 7.—German bankers, who had large balances with Russian banks when war broke out, but who had lost the interest on their money, a commission appointed by the Russian Finance Minister to decide on the matter has recently ruled that the banks there are to let the interest on this money accumulate till after the war, when both principal and interest are to be repaid.

RETAIN GERMAN NAMES.
LONDON, April 7.—War feeling is not likely to obliterate German names from London streets, since the London County Council has turned down a number of petitions on the ground that a sufficient case for an alteration had not been made. Discontented patriots must therefore continue to live in Berlin road, Wiesbaden road and other streets of German origin.

SMASHES WINDOWS IN SALOON; VALUE \$2000

NEW YORK, April 7.—Mrs. Floyd O. Edwards is on a Cerrito-Nation, but nevertheless she has notions of her own. Consequently when her husband failed to return home this morning, she went to the saloon she knew he liked best and smashed all the windows, worth \$2000. It developed afterward that her husband had left several hours before.

ASK SCHOOL BOARD

TO TAKE HAND

Berkeley High Students Petition Now for Chance at Self Government.

BERKELEY, April 7.—A new petition, aimed at elimination of difficulties between Principal C. L. Biedenbach and students of the Berkeley high school, is being circulated and is receiving numerous signatures during the high school vacation. It asks the school board to establish student self-government at the school. It will be presented to the board, probably at the meeting of April 12.

Among those responsible for circulation of the petition is Lloyd Lyle, president of the lower school class. It was the suggestion of Lyle by Principal Biedenbach and his statement that he "desposed" the student from his office, which recently brought to a head the difficulties at the school.

Principal Biedenbach said later that his sending the Lyle home was not intended as a suspension. The petition which Lyle and others drew up is for the following reasons: "To the Board of Education of the City of Berkeley, Ladies and Gentlemen: We, the undersigned pupils of the Berkeley high school, respectfully petition your honorable body to establish a system of student control of student activities in the Berkeley high school based on a wider range of independent student action than is heretofore practiced.

"A few of the main features in which we desire more freedom are: Rallies, class meetings and class business, social functions, student meetings, expenditure of funds derived from student activities, management of games (football, basketball, etc.).

"Limitations of student control to be definitely outlined by a constitution of the students, to be approved by you.

"Final appeal to be taken to your body in case of difference between faculty and students.

"Other features desired will be suggested by a committee of students which will confer with you in case you express a willingness to consider this, our petition."

STUDENTS ARE TO RALLY ABOUT HISTORIC EMBLEM

BERKELEY, April 7.—The annual rally around the University California emblem will be held tomorrow afternoon. The rally is to celebrate the anniversary of the time several years ago when Blue and Gold students of the University of California and Stanford men after an intercollegiate football game. The rally will be held at the University of California, where the emblem is kept in a vault. Talks will be given by graduates and others.

REVENUE STAMPS ARE ON SALE IN ALAMEDA

ALAMEDA, April 7.—Internal revenue stamps are now on sale at the local post office and can be purchased at the registry window from 9 to 5. This is a new department in the post office, and the stamps have just been placed on sale.

These stamps are being used extensively and are placed on drug store packages, and on other articles of commerce, railway and express offices.

FINDS BIRDS VALUABLE.

BERKELEY, April 7.—"The Economic Value of Birds" was discussed by Dr. H. C. Houder, a biologist of the bureau of education, public health and safety of the University of California, in a lecture given this morning in the hall of the University of California. He discussed some of the problems of insect outbreaks.

Also, how birds reduce the number of insect pests, and how they help to maintain the balance of nature, and besides their dollars and cents value, the world and the happiness of mankind.

DR. COIT TO SPEAK.

BERKELEY, April 7.—Dr. Stanton Coit, the distinguished speaker on ethics, will deliver a lecture at the University of California this evening at 8 o'clock in 101 California hall. His lecture is on "The Ethics of the Public."

The Weinstock lecture is a gift of the Weinstock family to the University of California.

A RAW, SORE THROAT!

Eases Quickly When You Apply a Little Muterole.

AND MUTEROLE won't blister like the old-fashioned mustard-plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out all soreness and pain.

MUTEROLE is a clean, white ointment, made of oil of mustard.

For Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds on the Chest (it often prevents pneumonia). Nothing like MUTEROLE for croupy children.

At your druggists, in 25c and 50c jars, and a special large hospital jar, \$2.50.

Be sure you get the genuine MUTEROLE. Refuse imitations—get what you ask for. The Muterole Company, Cleveland, Ohio.

DATE SET FOR BIG RILEY RACE

Postponed Alameda School-boy Event to Take Place Tuesday, April 13.

ALAMEDA, April 7.—The big cross-country race, which was arranged for the runners of the Lincoln, Porter, Washington and Haught schools, and which was postponed recently because of a hitch in the details, will take place next Tuesday afternoon, April 13. The announcement has been made by the vice principals of the schools and Otto Miller, who had charge of the race, will start at 4 o'clock from the corner of Broadway and Santa Clara avenue. The exact details as to the starting place will be announced later, the committee now preparing the course. It is likely that the start will be west of Webster street, in order to make the exact mileage to be run.

This is vacation week in the local schools and the runners are getting in their best condition for the cross-country season's contest. Two hundred and sixty-four runners will be in the race, or 66 from each school.

The smaller runners will start the race and the size of the runners will increase as the contest progresses.

FORMER EMPLOYER DEFENDS LAMBERT

Family in Distress, He Says, With Husband Accused of Crime.

RICHMOND, April 7.—That misfortune and not intent caused the present dire troubles of Fred S. Lambert, insurance agent, is the opinion of E. F. Tuller, local manager for the company for which Lambert was arrested Monday on a warrant from Stockton charging him with the murder of a woman.

"Lambert worked for me for many months and I believe he is honest," Tuller said. "He is a man of good character and I am given a chance to explain."

"There are six small children in the family and I am sure that Lambert is a man of good character and I am given a chance to explain."

DR. VAN ORDEN TO OCCUPY VACANCY

Appointed to School Board, as Mrs. Speddy's Successor, by City Council.

ALAMEDA, April 7.—The resignation of Mrs. H. Theresa Speddy as a member of the Board of Education was accepted last evening by the city council and the appointment by Mayor Frank Otis of Mrs. Kate B. Van Orden to fill the vacancy was confirmed by the council. Mrs. Speddy will be paid her resignation to Mayor Otis some days ago, but he withheld announcement of her action until a successor was appointed.

Mrs. Speddy stated in her letter of resignation that she was resigning because of her work on the board and that she was leaving for work on the board and that she was leaving for work on the board.

Mayor Otis stated to the council that he had heard Dr. Van Orden, who is new in Los Angeles, and that she had been recommended by the school board because she would be away from Alameda longer than she anticipated when she obtained her leave of absence. She said that she had enjoyed her work on the board and that she was leaving for work on the board.

JUDGE IN CLASH WITH ATTORNEY

Mrs. Gradi Held for Trial on Bad Check Accusation.

"I have never passed any checks unless I believed that I had sufficient money in the bank," declared Mrs. Gradi in court today, when Judge George Samuelson today passed upon the charges against her. Prosecuting Attorney W. J. Hennessy stated that there were checks outstanding against her accounts for several hundred dollars.

Mrs. Gradi was held to answer by Judge George Samuelson today for passing two bad checks on the firm of H. C. Capwell & Co., totaling \$350. Bail was fixed at the sum of \$500 for her appearance before the Superior Court for trial.

There was a tiff in court between Judge Samuelson and Attorney J. P. Montgomery, who represented the defendant. Montgomery had asked that the case be continued, as he wished to produce a witness from Los Angeles, who would testify that he had deposited a sum of money in the First National Bank of that city to Mrs. Gradi's account, and that she thought she was drawing against this when she cashed the checks.

"You amazed that you have the temerity to ask the court to make such an argument before this court," said Samuelson. "You know that even if this fact was established it would not affect the case."

"Why, your honor," exclaimed Montgomery, "if we can show that this defendant—"

"I don't mind listening to an argument that has some merit," interrupted Samuelson, "but you are wasting the time of the court by making the defendant to answer because I believe it is for her best good. She is soon to become a mother. If I were her attorney, I would use due diligence to have her brought before the Superior Court, and then ask for probation. If this is done she can be given her liberty and the numerous other charges will not be pressed. Charges have been filed in Los Angeles, Berkeley, Chico and Modesto."

Witnesses against the woman today were Lester P. Dinkelspiel, cashier for H. C. Capwell Arthur W. Moore, assistant cashier of the Oakland Bank of Savings T. B. Menzies assistant auditor of the First National Bank of Los Angeles, and Inspector William K. H.

The husband of the young woman did not appear in court. Mrs. Gradi was seated by Mrs. Celia Baxter, matron of the city jail. When she left the courtroom she appeared exhausted from the ordeal.

She expects the birth of her child about May 1.

WANTED HER TO SHOOT HIM, WIFE'S COMPLAINT

When George Flammer went into the bathroom of his home at 1349 Adeline street with the avowed intention of committing suicide, he was met by a change of mind and, emerging, offered her two weapons, telling her that he preferred that she do the shooting instead of the complaint for divorce filed today by Lulu E. Flammer. In addition to this Mrs. Flammer says that her husband once threatened to claim her over the head with a pair of handcuffs.

Louis T. Hanson, a master mariner of 513 Old street, today commenced suit for divorce against Florence G. Hanson, alleging statutory grounds.

Mable Lillian King also wants a decree from John W. King on the grounds of desertion. The plaintiff says that her husband's surname was formerly Ivanovic.

Laura C. Irelan has commenced suit against H. M. Irelan alleging desertion.

PROTEST SUSTAINED

The city council today sustained the protest of property owners against the improvement of Galindo street from Peralta street to marriage avenue. There was a majority of those living on the street in favor of the improvement, but a majority of the street frontage property owners against it.

MOVES TO RECONSIDER OWEN APPRENTICE BILL

By Associated Press. SACRAMENTO, April 7.—A motion for reconsideration of Senator Owen's bill forbidding any union or apprentices to trades, which passed the senate yesterday 27 to 17, was made by Senator T. J. Wells, before it was put to a vote.

Wells requested that further consideration of the motion be continued until tomorrow. Owen reluctantly consented.

Representatives of organized labor declared the measure is to establish an open shop in California, and it has suddenly developed the biggest contest of the session, in which labor unions are concerned.

Senator Benedict, permitting his bill, shearing the power of the state Board of Medical Examiners to admit to examination on a graduate of a school approved by the board to go into unlicensed business. His action was the result of an agreement by Senator Hansen to permit an amendment to the medical act allowing an appeal to the courts of those who graduate from unapproved schools. It is regarded as a concession to the osteopaths.

WITNESS A SURPRISE; TRIAL DELAY ASKED

Explaining that he had been surprised with testimony given by Dr. J. L. Howard at the opening of the trial of a suit brought by Mrs. E. M. Conover for damages in connection with the death of her son Leon D. Conover, Attorney R. S. Samuelson today filed an affidavit in Superior Judge Wells' court to obtain a continuance of the case until he can obtain other witnesses.

According to the affidavit, it was sought to show through Dr. Howard's testimony that Mrs. Conover was asphyxiated in a bathroom in apartments at 1810 University avenue Berkeley on March 19, 1911. Mrs. Conover is suing Mr. and Mrs. Fred E. Pfaff for \$10,000, claiming that as owners of the apartments they were responsible for an alleged faulty gas heater in the bathroom.

Affiant says that he had understood from Dr. Howard during his preparation of the case, that the physician had been one of the first to enter the room but that his testimony was to the contrary.

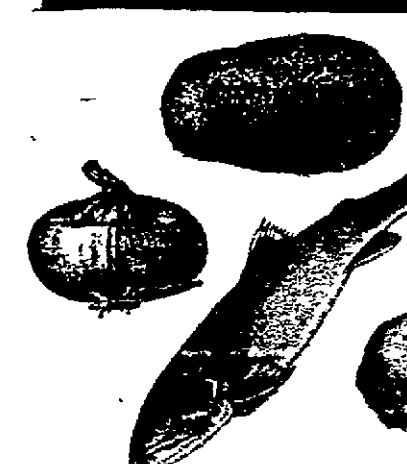

RAILROADS IN KANSAS ASK INCREASED RATES

By Associated Press. TOPEKA, Kan. April 7.—A hearing on the application of the railroads in Kansas for permission to increase their passenger rates from two to three cents a mile was begun before the Kansas Utilities Commission here yesterday.

The evidence was introduced by the railroads at the first day of hearing. The most of the day was taken up with the explanation of the "Oklahoma rate formula" by James Peabody, a railroad statistician. He was being cross examined by members of the commission, by Judge A. E. Helm, commerce counsel, and H. O. Carter, attorney for the commission, when the hearing was adjourned.

DE LAVEAGA ESTATE TO BE DISTRIBUTED

SAN FRANCISCO, April 7.—Partial distribution was ordered this morning in the estate of the late Miguel De Laveaga, a capitalist of this city. Just prior to his death De Laveaga was engaged in long litigation with his sister, Mrs. Cebrian, over the estate of another sister who died in Europe. The contest here, the will, giving De Laveaga several millions of dollars. The suit is still pending in the court.

An Interesting Experiment

Use Crisco over and over for frying all manner of foods. Merely strain the food particles from the hot Crisco after each frying. Crisco does not transmit flavors or odors.

The test of frying fish, potatoes, etc., clearly illustrates Crisco's great economy. The use of Crisco does away with the bother of keeping different fats for the preparation of different foods.

CRISCO
For Frying—For Shortening
For Cake Making

You will notice that your fried foods lack that "lardy" taste; that the true flavor which hitherto has been hidden now delights your sense of taste; that Crisco foods are more digestible.

Crisco is a food fat, not merely a frying medium.

Crisco in place of butter gives richness at less expense, as it costs about one-half as much as butter. It actually is a richer shortening, 100 per cent pure fat; butter only is about four-fifths shortening. Salt is put in butter to keep it sweet, Crisco remains pure and fresh indefinitely without salt.

'OPEN TOWN' IS WHAT HOOK WANTS

Others of Merchants Exchange Agree, but More Sharply Dissent.

"Would business be better if Oakland were an 'open town'?" That is the question which split the opinion of directors of the Merchants Exchange at their weekly meeting last evening. It was voted, by W. P. Hook, prominent merchant, who immediately answered his own question by taking the floor with the declaration that in his opinion, the "open town" would prove a very satisfactory arrangement for Oakland. His sentiments were seconded by Colonel Theodore Gier.

Robert Robertson, president of the Exchange, took a hard, however. He took the floor and made a speech of strenuous opposition. Robertson is a vice-president of the Oakland Y. M. C. A. and a strong supporter of the police of the present city administration, which is for keeping the town closed.

A score of others took part in the discussion, talking it over pro and con. No motions were made or put, however. And the meeting ended in a small riot of discussion, which the directors carried to the street as they left the building on their way homeward.

"Business would increase, we'd have more financial pulsation and life if Oakland was run on an 'open town' basis," Hook told the directors. "San Francisco is an 'open town,' with the result that much money which is spent across the bay should come into the pockets of Oakland merchants and businessmen."

Hook nor none of the other speakers went into detailed explanations of what they meant by the term "open town." The discussion was an outgrowth of a general discussion of the Oakland Y. M. C. A. had started about the making of Oakland a port of call. The "open town" question was made a side issue of this bigger subject.

E. L. Vander Naillen told the directors the action taken by the Real Estate Association members after their trip about the bay last Saturday. The Exchange then appointed Hook, Vander Naillen and W. G. Logan as a committee to make a thorough investigation and report on the matter. The Exchange, as a body, will get behind the move started by the real estate men, to fight to have this city made a port of call for all river and bay boats, which now pass by Oakland's municipal wharves with foodstuffs and produce to San Francisco, which is eventually shipped back here at increased freight rates.

Harry G. Williams, Hook and Secretary Walker were also appointed a committee to ask the City Council to reduce the restrictive license charged for holding social dances. Various organizations are said to have made complaint that the fee was prohibitory.

VALLEJO, April 7.—James Roney, candidate for mayor, noted out J. J. Madigan by 34 votes at the primary election Tuesday, and the result was in doubt until late last night. J. R. Wilson was elected commissioner over his two opponents W. N. Aden, incumbent, was re-elected school director at the primary. The other place will be fought for by Glen Dickey and John Davidson.

HARVARD AMBULANCES AT WORK IN ALSACE

PARIS, April 7.—The Harvard section of the American ambulance corps, organized by the French military authorities to aid the work of the French army of the Vosges is now operating in Alsace. The section consists of ten ambulances, one repair car, one motor car, the whole in charge of fourteen American volunteer drivers, of whom eleven are graduates of Harvard University.

The group is part of a total of eighty American ambulances now working along the Allied front. These ambulances are given by individuals or by college groups. Fifteen thousand wounded men up to the present time have been transported from the lines where they fell to a safe hospital.

The work of some of the section, particularly that at Dursk, has been taken as a model upon which the allies are organizing their ambulance corps. The American ambulance men are so expert in handling wounded that a squad of them has been invited to appear before military doctors in Paris and give instructions to French stretcher bearers.

BATTERY B TO CAMP AT KLAMATH FALLS

Final arrangements for the summer term and departure of Battery B of the California militia have been decided on by Major R. J. Fareau, commanding the field artillery of the state, and Captain Yule, U. S. A., instructor of field artillery in the California militia.

It has been decided to hold the camp at Klamath Falls, Oregon, on the government reservation, and a battery of regulars will be there to instruct the militiamen. The men will take only their personal equipment, as the notes and guns of the regular battery will be used for drill purposes.

It is intended to start the encampment on June 5, and a school for non-commissioned officers only will be held for the first ten days, after which each battery of the California militia will get its two weeks of encampment and drill under the guiding hand of the regulars.

Much enthusiasm has been shown by the members of the Oakland battery at the prospect of being sent into such a beautiful country, where hunting and fishing are known to be in such abundance, and with which will no doubt be many hours of arduous drill there will also be times when the men can enjoy all the pleasures that the country affords. Many new members are coming into the organization as a result of the announced trip to be made.

B'NAI B'RITH AIMS TO PROMOTE SOCIABILITY

SAN FRANCISCO, April 7.—A radical departure in the affairs of the B. O. B. will be put into effect this evening, with the opening of the club rooms in the B'nai B'rith building, 145 Eddy street.

The idea is in furtherance of the policy of Grand President Harry K. Wolf, in promoting sociability among the members of the order.

The occasion will be celebrated by an open house for all members of the various lodges and visitors. An interesting program is scheduled.

The club room committee will be the hosts on the occasion. Louis Levin, chairman and P. M. Silverstein, secretary, Alfred Auren Cohen will act as chairman of the evening.

Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organism rebel at the violence of cathartic and purgative remedies, which while they may afford temporary relief shock the system and seriously disturb the functional organs. A mild laxative is far preferable, and if properly compounded, much more effective.

The combination of simple laxative herbs with peeps sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. R. Caldwell, 452 Washington St., Monticello, Ills.

POLICE CHIEF SEBASTIAN IS ARRAIGNED

Says Charges of High-Grade Misdemeanor Were Concocted by Enemies.

By Associated Press. LOS ANGELES, April 7.—Charles F. Sebastian, suspended chief of police, was arraigned today on the indictment returned against him by the county grand jury last night charging him and Mrs. Lillie Pratt, wife of a cattle buyer, with having contributed to the delinquency of Edith Serkin, Mrs. Pratt's 17-year-old half sister and ward.

Mrs. Pratt procured bonds of \$2500 last night. Sebastian supplied bail in the same amount this morning. He had previously been bound in the sum of \$5000 to answer the indictment returned on Monday, charging him with an attempt to influence and intimidate the grand jury during its investigation of his alleged immoral acts.

Saturday was set as the day upon which Sebastian should enter his plea. His attorneys stated that they desired a trial as early as possible and certainly before May 4, the date of the municipal primary. They declared it was their purpose to prove that Sebastian was a victim of a political conspiracy in time to prevent the indictment having any effect upon his chances of election.

Sebastian asked to be suspended from office as chief of police last night and today issued a statement declaring his innocence and asserting that he would pursue his campaign as a candidate for mayor. This candidacy, he contends, prompted political enemies to file with the grand jury the charges which resulted in the return of the two indictments against him.

The indictment returned last night against Sebastian and Mrs. Pratt is based upon acts alleged to have been committed by the two in the presence of Miss Serkin at an apartment adjoining the police station to which, it is charged, the girl was taken frequently by her guardian, Mr. Pratt. It provided before a trial jury, the charge would constitute a high grade misdemeanor under Section 28 of the juvenile court law, and would be punishable by imprisonment for a year or a fine of \$1000 or both.

Harvester Company Before Court Today

By Associated Press. WASHINGTON, April 7.—The appeal of the International Harvester Company from the decision of the Federal District Court in Minnesota holding it a combination in violation of the Sherman anti-trust law and ordering its dissolution into at least three competing parts, was up for argument today before the Supreme Court. On the ground that the case was of unusual importance, the attorneys concerned were prepared to ask the court for extra time for arguments.

GYRSY CHIEF REPAYS FORTUNE-TELLER FEE

Two gypsy women accosted William Seamon, of Gardenville, Nevada, and offered to tell his fortune. He insisted that it would be necessary to examine his purse. Seamon consented and was highly gratified when he was told that he was to receive a considerable sum of money which he did not expect.

Seamon later thought to examine his purse himself, to see what there was about it that could indicate approaching fortune. He found that \$20 had been taken.

Lieutenant William Woods of the Melrose district was told of the theft, and went with Seamon to the gypsy camp in the annexed district. The chief of the band, in order to avoid trouble, paid back the money, stating that he would in turn collect it from the women.

MONEY FOR RELIEF OF BELGIANS NOW NEEDED

Further help for the relief of the war sufferers and assistance for the Belgian Red Cross, are asked in communications received by the Oakland committee of the Belgian Relief Fund from H. C. Hoover, chairman in London of the American committee for Belgian relief. Similar letters have also been received from L. Bates, who represents the committee in New York.

Miss Annie Florence Brown, treasurer of the local committee, says an abundance of clothing has been received and any further donations of this nature will be refused. However, Miss Brown is anxious to receive cash donations, either for the American relief work or for the Belgian Red Cross.

THEFTS REPORTED. W. Self, 608 Broadway, reported to the police that his room was entered during the night and a revolver and clothing stolen. Dr. E. V. HER EMBONPOINT NO HANDICAP LANDS PART IN "EVERYWOMAN"

WINNIFRED BALDWIN, WHO WILL PLAY "GREED" IN "EVERYWOMAN" AT MACDONOUGH.

Ever hear of a fat girl acknowledging she is fat and declaring that she would rather be fat than thin, and that she likes to hear other people say that she is fat?

Being fat got this girl a job, for she plays the character of "Greed," in Henry W. Savage's production of "Everywoman," which will be seen at the Macdonough, commencing Wednesday, for four nights and three matinees.

Her name is Winnifred Baldwin. She was contralto soloist at the fashionable St. Bartholomew Church in New York and did much concert work. When Mr. Savage produced in English Puccini's "Madam Butterfly" Miss Baldwin was engaged for one of the roles and played and sang to the hilt. It was her departure from the stage at that time which was the cause of her unusual importance, the attorneys concerned were prepared to ask the court for extra time for arguments.

MIRACLES OF MOSES NATURAL OCCURRENCES, EGYPTOLOGIST SAYS

By Associated Press. PHILADELPHIA, April 7.—The Biblical miracles were explained by Professor Camden M. Coblentz, explorer and archaeologist, who has just returned from Palestine, in an address here yesterday. Professor Coblentz visited the oasis at Hades, where Moses struck the rock with his rod and brought forth water for the Israelites. He declared that Moses knew of the presence of the spring and that he had struck the rock to indicate to his followers that water was to be found there. The explorer said the spring is located somewhat below the level of the surrounding desert, and is visible only for a short distance. The oasis, which was very small and is still held sacred by the Arabs.

The progress of the Israelites across the Dead Sea was made possible, according to Coblentz, by a peculiar phenomenon which occurs once in a century, by which the wind, blowing from a certain direction, leaves a portion of the seabed almost bare. The Israelites upon their departure from Egypt, the speaker said, could have reached Palestine in 12 days by taking the northern route, but they found this barred by fortifications. Enemies barred them at Sinai and Succoth, which compelled Moses to take the southern course at the Dead Sea, he declared.

ANALINE DYE FAMINE CREATES GRAVE PROBLEM

"Thousands of Americans are going to be without jobs if immediate action is not taken to replenish our supply of German aniline dyes," declared L. H. Lewars, president of the California Ink Company, in an address before members of the manufacturers' committee of the Chamber of Commerce Commercial Club, consolidated, yesterday.

Lewars declared it was impracticable to manufacture aniline dyes and other chemicals in this country, as has been frequently suggested recently, because of tariff restrictions and because of the necessity of a world market to make their manufacture a paying business.

WEARING HIS LAURELS JESS WILLARD SAILS FOR HOME AND STAGE

By Associated Press. HAVANA, April 7.—Jess Willard, the new heavyweight champion of the world, left Havana with his party at 11 o'clock this morning for New York, where he is due to arrive on an Atlantic coast line train at the Pennsylvania station on Friday at 6:20 p. m. The party will travel via Key West, Jacksonville, Charleston, Richmond and Washington. Willard's steamer was delayed two hours by the demonstrative crowd at the docks. Jack Johnson, who came down to the steamer, shook hands with the conqueror and said:

"Jess, I wish you all the luck you could wish for yourself. I hope you can make a heap of money. Be sure to save it. Willard answered with his best wishes and said:

"I will see you in Europe." He appeared to be affected by the incident. Johnson was given a great reception by the crowd.

The Cuban rights for the morning pictures of the Johnson-Willard fight were sold today for \$10,000.

Jack Johnson is preparing to go to Santiago, whence he will sail for Jamaica and then to France by way of Martinique.

Although it was announced last night that the gate receipts of the fight were \$10,000, no one in Havana seems to have definite information on this point. Various stories have been given out, placing the amount at \$60,000 up to \$110,000.

The largest profits went to the racetrack lessee, Curley Brown, who got \$1 extra from each spectator by running a few races after the fight.

Local Firm Solves Eyeglass Problem

Recent Invention Makes Two Pairs of Glasses Unnecessary.

A progressive San Francisco and Oakland optical firm was the first on the Pacific coast to recognize the wonderful possibilities of the recently invented "Caltex Oneplex" Bifocals. These lenses serve the purpose of two pairs of glasses, for both reading and distance glasses are combined in one single, solid piece of glass. There is no noticeable dividing line between the reading and distance portion, and they can be worn with ease and pleasure by all people who desire and need glasses for both reading and distance. "Caltex Oneplex" Bifocals are ground only at California Optical Company's three establishments, 1221 Broadway, Oakland; 181 Post St., 2505 Mission St., San Francisco—Advertisement.

DR. SUN URGES OVERTHROW OF YUAN

China's Only Hope for Preservation of Liberty, Says Exiled Statesman.

SAN FRANCISCO, April 7.—Hope for the preservation of China's liberty and national independence lies in the overthrowing of Yuan Shih-Kai, according to Dr. Sun Yat Sen, who has addressed a letter to friends in this city. The communication, dated March 10, from Tokio, also declared that without revolution and a complete reformation from the present form of government China will become a vassal state, a protectorate of Japan, holding the same relation to the island empire that Egypt holds to England; and that Japan and the powers of the world will divide the country among themselves when they have settled the present war unless the Yuan Shih-Kai rule is brought to a termination.

After explaining in the letter that the reasons for not rendering an opinion and giving advice at an earlier date, when Japan made her first demands upon China, were that he had no office in the government and that he felt that the time was not ripe to speak, Dr. Sun says, in part:

"Yuan Shih-Kai certainly had entered into a private agreement with Japan before these demands were made, or they never would have been permitted to take the form they have."

JAPAN NO FRIEND. "Malicious persons have said that because I am living here in Japan and to the way of my own country. The dangers that threaten us now are a matter of the relations between China and Japan, but later, when the powers have fought out their battle in Europe, they will all take a hand."

ADVOCATES REVOLUTION. Dr. Sun advocates revolution, a complete and immediate reformation of Chinese government, to save the country from becoming the spoils of the world powers, to be divided among the leading nations of the world. Nothing short of this can save the national integrity, says the letter. Revolution at the time of the overthrowing of the Manchurian dynasty saved the nation, when Japan, France, Germany and England were each trying for a piece of Chinese territory.

"Should China yield," concludes Dr. Sun's letter, "it would be very difficult for us to set another revolution against them."

"If we do not, we shall soon see Japan treating China as England treated Egypt. So let the men of our party hesitate at no sacrifice, nor even that of our lives."

IMITATION FIRE IS MISTAKEN FOR REAL

SAN FRANCISCO, April 7.—A theatrical burning of the famous Exposition tower of Jewels last night caused more trouble than a real fire. Captain Tim Harrington of the Exposition fire department is in charge of the nine-years-after celebration, which the fire ladders expect to have this month. Captain Harrington has planned a wonderful piece-of-resistance, namely, the theatrical burning of the Jewel Tower.

Armed with a smoke box, Captain Harrington last evening clambered to the top of the tower while it was illuminated like a big piece of red hot metal. He set the smoke box going and then it took a guess in the zone saw the smoke issuing from the great glaring tower. He rang in six alarms in his immediate vicinity.

All of the Exposition fire companies answered the call. They turned in other alarms. Companies in the city department were at the gates before the tumult ceased.

MINSTRELSY FOR INMATES

A minstrel show designed to amuse the inmates of the Alameda county infirmary has been planned by a number of east bay patrons of the Native Sons and will be presented at the institution on the evening of April 12. TRAIN KILLS MAN

SALEM, Ore., April 7.—R. W. Morgan, of Poly county, 40 years old, died last night as a result of being struck by a Southern Pacific train near here while driving across the tracks. Both horses were killed. He left a widow and six children under 14 years of age. He did not regain consciousness before death.

SPARKS CAUSE FIRE

A small roof fire occurred last night at the home of W. W. Allen, 3322 West street. The damage was slight. The fire was caused by flying sparks.

"BOOKS" MAKE BURGLARS OF BOYS

Captured in Rain, Youths Confess Robberies and Reading Dime Novels.

SAN FRANCISCO, April 7.—With startling aptitude and considerable success, the heroes of some of their dime novel literature, Elmer Davis, 14 years old, of 2612 Van Ness street, and James Tyne, also aged 14, of 1518 Silver avenue, started out as Dick Turpins three months ago and were captured at 2 o'clock this morning after they had just concluded the burglary of a drug store.

The lads, following their arrest, confessed to nine burglaries in the neighborhood of their homes and admitted that they had attempted to break into a dozen other places, but were unable to force entrance because of the crudeness of their burglary tools.

The following is a list of places robbed by the lads since February 1: Poppy drug store, 2256 Mission street; Star King school, Bryant street school, Portola school, Bay View school, Mission grammar school, Columbus theater, Railroad avenue; pool parlor, San Bruno avenue and Dwight street; pool parlor, Twenty-second and Mission.

Patrolmen Reilly and Slattery were at Twenty-fourth street and Potrero avenue, when they saw the two boys scuffling along in the rain. Questioned, they said they had been at the Exposition. One had searched a quantity of loot, three skeleton keys, and a chisel were found. They then confessed that they had been disturbed by the approach of a policeman a few moments before robbing the Poppy drug store. They had obtained \$5.36 and \$100 worth of articles, when Patrolman Joseph Greening began trying stores in the neighborhood.

The boys had gained entrance by climbing over a roof, forcing a skylight window and dropping down a rope.

The school house burglaries had mystified the police, who have been searching for the culprits for weeks.

Davis and Tyne were taken to the detention home.

Nast's Widow Gives His Pictures to U. S.

By Associated Press. WASHINGTON, April 7.—Mrs. Thomas Nast, widow of the artist, has presented to the War Department through Secretary Garrison, two pictures done by her late husband.

One of the pictures, "Saving the Flag," illustrated the song, "The Old Flag," Father Abraham, Three Hundred Thousand and Strong," while the other, "Peace Again," is illustrative of General Grant's remark in permitting the Confederates to have their homes, after the surrender at Appomattox.

"The pictures take their horses with them," said General Grant, "they will need them for spring plowing." The pictures have been hung in the reception room of the secretary of war.

KING'S DAUGHTERS' HOME HAS EASTER RECEPTION

Prominent Oakland women, aged people in wheel chairs, who uniformed nurses and guests filled the long reception rooms of the King's Daughters' Home for incurables yesterday afternoon when the annual Easter reception was held. Officers and directors of the institution, during the affair, which was planned to amuse the inmates, a musicale was given and guests were taken on tours through the building.

Mrs. Mattie Brown, president of the institution and for many years connected with the work, was chairman of the reception committee. Assisting her were Mrs. C. C. Clay, Mrs. Adam Gilliland, Mrs. H. M. Tenney, Mrs. G. E. Webb, Mrs. J. N. Van Slyke, Mrs. Richard R. Hardin, Miss M. E. Raymond, Mrs. G. A. Willard, Mrs. C. L. Morgan and Mrs. James Taylor.

Both guests and inmates were in gala attire for the occasion and the wide rooms and halls were decorated with masses of spring flowers. The numbers of the program, which had been arranged by Mrs. E. S. Hagar, were as follows:

John and cello duet, Miss Mary Tait and Miss Marion Bearden; contralto solos, Mrs. Charles Dingley; humorous reading, Mrs. H. M. Hastings; violin solos, Miss Tait; mandolin and guitar duets, the Misses Sherman.

ALLEGED POCKETS PICKED

Fannie Bell Triplett, a negro, was arrested last night on the complaint of two men, who alleged that she had picked their pockets, one in a back alley and the other in a vacant house. The men were Ben Ottovich, 417 Grove street, and Walter Carr, 417 Eleventh street. Ottovich told the police that when he felt his money being taken he told the woman to give it back. He alleges that she raised a knife and tried to stab him. The knife was found by the police.

WATCH FOR THE COUPON ALSO THE CAMERA MAN

The camera man has another date! He may be here and he may be there today—and then again he may be somewhere else tomorrow—but Saturday morning he's got one particular place to visit, for he's made an appointment. The following letter explains:

"EDITOR TRIBUNE: Please send The Tribune camera man down to Sixth and Jackson streets on Saturday, April 10th, as that is the only day we can all get together. The children around here are as glad as anywhere else. Please don't forget to send him down, as we will expect him.

"Yours truly, "A SUBSCRIBER'S SON. "P. S.—Send him down about 10 o'clock Saturday morning."

The camera man will be there. He's always on the job, getting pictures of that famous Tribune smile that's making Oakland and Oakland's children famous. He is glad to be there, and any boys or girls who feel that their neighborhood has been slighted need only mention it to him.

Have you clipped the coupons? The week's series is nearly over.

The seven coupons in the week's series are good for a free ticket to the Wild West Show at the fair. Better get out the scissors today. All you have to do is to turn in the week's coupons, one of which is published each day. The seven in the numbered and dated week's series means the free ticket.

And watch Sunday's Tribune. That's where the pictures the camera man takes appear—and if you're in the picture you get a free trip to the fair. You can also get the trip by bringing in a three months' subscription—many boys and girls are doing it. So remember to look for the coupon today. Any boy or girl under 13 gets a free ticket for clipping the week's series. Remember to look for the camera man. And watch Sunday's Tribune.

JUMBO EXTENSION INCREASE WAITED

Litigation Shadows All Transactions: Mine Reports Are Reassuring.

SAN FRANCISCO, April 1.—Advice from Goldfield as to the effect that Jumbo Extension is likely to increase in value when the present shadow of litigation is removed. Reports from the mine indicate considerable high grade ore and that market activities will undoubtedly be governed by the output. The annual meeting of the directors of Atlanta resulted in a re-election of the officers. Re-

SAN FRANCISCO, April 24.—(AP)—A sharp decline in the price of copper on the London market from 100 shillings to 95 shillings, and the fact that Japan has been expected to increase its copper requirements when the present shadow of litigation is removed. Reports from the mine indicate considerable high grade ore and that market activities will undoubtedly be governed by the output. The annual meeting of the directors of Atlantic Copper Company in relation to the officers. Reports showed a large tonnage of low grade ore. There was a little brightening in the market this morning as the result of these reports.

Y. L. I. BENEFIT DRAWS CAPACITY AUDIENCE

A capacity crowd filled the assembly hall of St. Mary's College last evening when a performance of "A Night Off" was given by the Young Men's and Young Ladies Institute for the benefit of St. Joseph's Home for the Deaf and Dumb. In addition to the comedy, a varied musical program was presented. To add to the fund raised the entertainment is to be given in San Francisco next Thursday evening at the Knights of Columbus hall.

IT RUINS HAIR TO WASH IT WITH SOAP

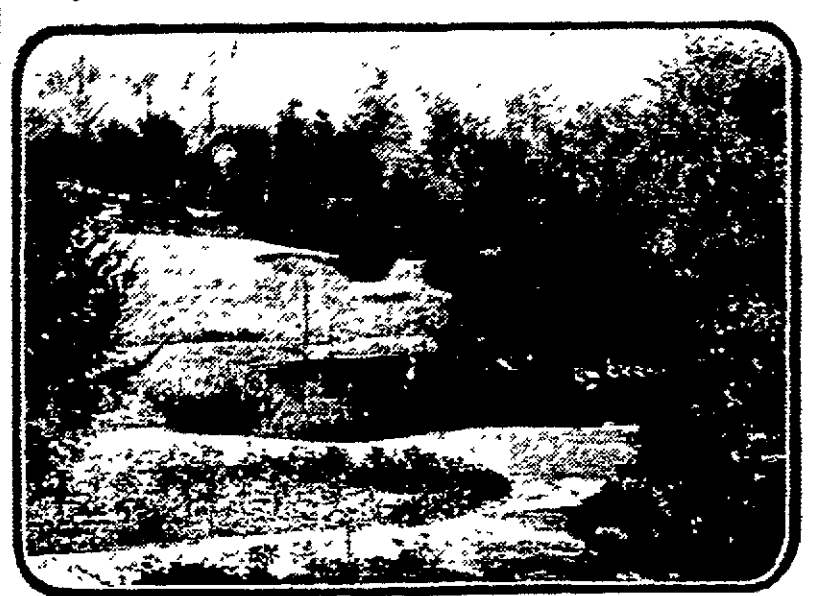

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best things for steady use is just ordinary mulitised coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulitised coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

MISSIONARY ALLIANCE TO HOLD CONVENTION

With teachers of the gospel from many lands in attendance, the eighth annual convention of the Christian and Missionary Alliance will be held from April 19 to 25 inclusive, at the First Baptist church, Telegraph avenue and Jones street. Among the speakers will be the Rev. A. B. Simpson, D. D., president of the Christian and Missionary Alliance of New York, Rev. R. A. Forrest, superintendent of the southern district, Toronto, Georgia, Rev. Charles W. Le Vol, of Santa Rosa, Rev. C. E. Perry of Stockton and the Rev. A. E. Thompson of Jerusalem, Palestine.

The Rev. A. E. Thompson, who has just returned from the Palestine mission field, will present great obstacles to reaching the American continent, backed by a strong guard from the American warship. During the convention he will give accounts of conditions in the war zone and details of the revival in the Jerusalem mission. Dr. A. B. Simpson, who will be heard on the closing day of the session, is the editor of "The Alliance Weekly," and author of several books on the Scriptures. His addresses will be on "Armageddon," "The Midnight Cry" and other themes of interest to his fellow workers. A well-known special all-day meeting, at which the Rev. R. A. Forrest will speak, will open the proceedings on April 18. The order of services for the remainder of the conference will be as follows: Week days—9:30 a. m., prayer meeting; 10:30 a. m., preaching; 2 p. m., praise service; 2:30 p. m., preaching; 7 p. m., Young people's meeting; 7:30 p. m., preaching. Closing day program, April 25, morning worship with the First Baptist church in their auditorium; 11 a. m., sermon by Dr. Simpson; 2 p. m., praise meeting; 2:30 p. m., annual missionary address by Dr. Simpson; 6:15 p. m., young people's meeting; 7 p. m., praise service; 7:30 p. m., closing sermon by R. A. Forrest.

CHOICE LAND IS PUT ON SALE ADJOINS ESTATE OF W. HAVENS

SCENE IN PIEDMONT GARDEN DIRECTLY ADJOINING HIGHLAND COURT, NEW RESIDENTIAL TRACT PLACED ON SALE BY WICKHAM HAVENS, INC.

An event of considerable interest is the placing on sale this week of Highland Court, an Upper Piedmont by the well-known firm of Wickham Havens, Incorporated.

Highland Court is stated to be a small, but very choice property, and adjoining the private grounds of Wickham Havens. It is situated near the corner of Sheridan and Highland avenues and is traversed by the Piedmont car line. According to the published announcement of the sellers, Highland Court is situated one block from Piedmont park, two blocks from Piedmont school, one block from Miss Ransome's private school for girls, is surrounded by fine homes and beautiful gardens, and commands a splendid view, over parklike grounds, of San Francisco bay. The prices placed on Highland Court by the sellers are said to be very attractive, while the building restriction of \$3000 places this property within reach of the man of moderate means.

THREE ARRESTED IN COUNTERFEITER'S DEN

SEATTLE, Wash., April 7.—A hand full of counterfeit silver dollars hot from the molds and valuable counterfeiting apparatus were seized today when detectives, seeking stolen goods hidden by car thief, stumbled onto a counterfeiter's cabin on the lake side in the southwestern part of the city. Three men who gave their names as Tom Dixon, aged 35, S. Gordon, aged 27, and Ray Nicholson, aged 25, were arrested in the cabin. Secret service men who examined the counterfeit money said they had been seeking the gang for several months. The dollars were of unusually good workmanship, they said, and their circulation had been the cause of much worry to government agents. The three men arrested in the counterfeiter's cabin are believed to have been associated with a gang of car thieves arrested yesterday in the same neighborhood.

ONE KILLED, 3 INJURED, AS AUTO TURNS TURTLE

NORTH YAKIMA, Wash., April 7.—Elmer Dingle, 13 years old, was killed and his three companions, Robert Ray, Raymond Alsop and Gilbert Collins all of North Yakima, were injured, when an automobile driven by Dingle left the road near the Sunnyside canal intake, ten miles south of North Yakima, last night, and turned turtle, pinning Dingle under the steering wheel.

CHINESE IN TANK

SEATTLE, April 7.—United States immigration officers are searching for nine Chinese, part of a band of 14, who entered the United States from Canada concealed in an oil tank car. The Chinese entered the tank at Vancouver, B. C., and were released by a confederate at Everett, 35 miles north of here. Five of the Orientals were captured in Everett, but nine escaped and are believed to be hiding in Seattle.

ELIHU ROOT HEAD OF NEW YORK CONVENTION

ALBANY, N. Y., April 7.—Elihu Root, former United States senator, yesterday was elected president of the New York constitutional convention, the first that has been held in New York since 1894. Many big issues, including conservation of natural resources, revision of the judiciary system, short ballot, home rule, old age pensions and equal suffrage, are to be disposed of.

Every effort is to be made, leaders declare, to keep the convention non-partisan. There are no Progressive delegates. Jacob Gould Schurman, Republican, president of Cornell University, was elected first vice-president, and Morgan J. O'Brien, Democrat, a former Supreme Court justice, second vice-president. Although not designated as floor leaders of their respective parties, they are expected to act in that capacity.

VATICAN DENIES USING OBSERVATORY WIRELESS

ROME, April 6, via Paris April 7.—Official denial of the report printed in Italian newspapers to the effect that the Vatican observatory is sending wireless messages is published by the Observatorio Romano, the organ of the Vatican. The director of the observatory asserts that the Vatican does not possess apparatus either for sending or receiving wireless messages. The statement is signed by Rev. John George Hagan, the Jesuit astronomer and head of the Vatican observatory who formerly was connected with Georgetown University at Washington.

CELESTINARIAN DIES

STOCKTON, April 7.—Thompson White, aged 102, a resident of California since 1868, died last night of complications due to old age. White was a native of Scotland and came to America early in his teens. For more than a quarter of a century he resided in Stockton.

CONSERVE WORLD SUPPLY FOR USE OF ALLIES

OTTAWA, Ont., April 7.—Horses and other military supplies to all parts of the world are being conserved for the use of the allies and drawn upon as required, parliament was told last night by Premier Sir Robert Borden. The determination was given in answer to a complaint that British horse buyers had been unable to draw from Canada the 200,000 horses required for the war. The government's suggestion and the market will price in Canada thereby restricted.

COMMITTED TO AGNEWS

Geo. Hing, who has been involved in several alleged sensational escapades in Berkeley, stealing overcoats from fraternity houses, and on one occasion firing at a group of students, has been committed to the Agnews asylum upon a complaint sworn to by Detective A. S. J. Woods of the Berkeley police department.

AUTOR DIES AT WORK

ELIZABETH, N. J., April 7.—Geo. C. Staley, an actor, who was playing a part in a road company here, died suddenly of heart disease in his dressing room at a local theater. He recently joined the company to take the part left vacant when John Fay Palmer of Cleveland fell dead during a performance at Trenton not long ago. He was 45 years old.

"DRY" ELECTION IS DENIED BY DECISION

SANTA CRUZ, April 7.—Superior Judge B. K. Knight late yesterday denied the petition of the Santa Cruz anti-liquor forces for a writ of mandate to compel the city council to place on the ballot at the coming municipal election the proposed "dry" ordinance. The proposed ordinance has been held invalid by City Attorney J. L. Johnson because it has "attached alternative propositions. The decision by Judge Knight is a new ordinance is considered of great importance in California. A minute order was made so that the "dry" will have an early opportunity to carry the question to the appellate court, which he decided last night to do. The petition has 1150 signers.

BANKER IS ROBBED

KAW CITY, Okla., April 7.—Three men entered the Farmers' National Bank here late yesterday, held up the cashier, John Hoffer, and his assistant, Arthur Sanderson, with revolvers, took \$2000, all the available cash, locked the bank officers in the vault and rode away toward the Osage hills to the east.

ATLANTIC FLEET ARRIVES

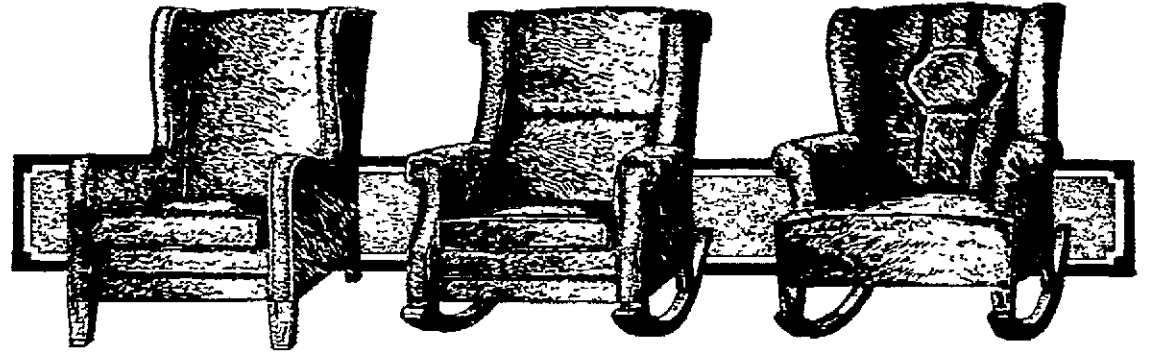

NEWPORT NEWS, Va., April 7.—The Atlantic battleship fleet arrived in Newport News here late yesterday from winter maneuvers at Guantanamo, Cuba. The ships will come to Hampton Roads for supplies before going to the southern drill grounds for target practice.

FINAL GATHERING OF CONFEDERATES CALLED

RICHMOND, Va., April 7.—Invitations were on the way today to the governors of the various southern states and their staffs from Governor Stuart of Virginia, asking them to attend what he declares may be the last reunion of Confederate veterans in the Confederate capital, to be held here beginning June 1. Features of the gathering will include the dedication of the Confederate Memorial Institute and the laying of the cornerstone of a monument to General Stonewall Jackson. "In all human probability," says the invitation, "this will be the last reunion of Confederate survivors to be held at the capital of the Confederacy. It is therefore all the more appropriate and worthy to have gathered here representative officials of all the southern states as participants in an event which will particularly mark the pride we feel in our heroes, living and dead."

WOMEN HEAR ASPIRANTS

FRUITVALE, April 7.—Educational subjects were discussed at a meeting this afternoon of the Fruitvale Women's Club in Dimond Hall. Mrs. Minnie Hicks of the Oakland school department read a paper on "Work Done for Defective Child." Among the other speakers were candidates for school directorship, including Harry Boyle, Dr. A. S. Kelly, Dr. Daniel Crosby and Calvin M. Orr. Mrs. H. E. Averill presided. Selections were played by the Fruitvale Boys' band.

George Washington—"Father of His Country"

EVERY AMERICAN knows that without "Immortal Washington" our National Independence would have been impossible. Few, however, know that the greatest battle of Washington's life was fought to secure for his countrymen the Constitution of the United States. Almost immediately after the Revolution it seemed that all the great sacrifice of blood and treasure had been in vain. The original thirteen states refused to work in harmony, either in spirit or in law. The new Republic was tottering to its foundations. At this critical period in American history the most brilliant men of each state met in convention and unanimously elected Washington as President—undoubtedly the most momentous gathering of the kind the world has ever known. Here he displayed as great ability as law-maker as he had as a warrior. For months the Fathers of the Republic labored, and finally adopted our present National Law, which forever guarantees Religious, Commercial and Personal Liberty. This was in 1787. Seventy years later Anheuser-Busch established their great institution upon the tenets of the Federal Law which Washington did so much to create. Like all of the great men of his time, he was a moderate user of good old barley beers. For three generations Anheuser-Busch have brewed honest malt and hop beers. To-day 7500 people are daily employed to keep pace with the ever-increasing public demand. The great popularity of their famous brand—BUDWEISER—due to quality, purity, mildness and exquisite flavor, has made its sales exceed those of any other beer by millions of bottles.
